

## JIS Standard for Alternative Local Court Record Systems

<b>JIS Data Standards for Alternative Electronic Court Record Systems</b>		
<b>Effective Date: October 24, 2014</b>		
Revision History	Date	Description
Version 1.0	6/2/2014	Draft for Review and Comment
Version 1.1	6/24/2014	Accepted agreed upon items from King County and Access to Justice comments
Version 1.2	6/25/2014	Accepted additional King County revisions.
Version 1.3	7/1/2014	Final edits as approved by the JISC
Version 1.32	9/15/2014	Comments from court feedback for review.
Version 1.33	9/20/2014	Internal AOC review and corrections.
Version 1.34	10/1/2014	Changed name from "Standards for Local Automated Court Record Systems
Version 1.35	10/8/14	Added "Data" to standard title, at stakeholder request, and added effective date under title.
Version 1.36	10/10/2014	Revised the scope statement.
Version 1.4	10/31/2014	Version as approved by the JISC on 10/24/2014.
Version 1.5	12/07/2015	Multiple revisions
Version 1.6	03/11/2016	Provisionally approved by EDE Steering Committee. Revision containing multiple updates to finalize changes for Standards Freeze for EDR pilot implementation.
Version 1.61	05/23/2016	Accepted all redline changes. No content revisions made.
Version 1.62	10/31/2016	Removed NIEM as an interchange standard – not used.
Version 1.7	02/06/2017	Updated data element descriptions
Version 1.7.1	08/24/2017	Entire document re-validated by Business Product Owner, Business Analysts and SMEs. New "Simplification" model considered during validation process. Some previously-deleted elements brought back. Some description changes. Biggest change is the breakdown of the Significant Document section into multiple sections. New elements are numbered in the 300 series.
Version 2.0	10/9/2017	Incorporating stakeholder suggestions on definition changes and general cleanup of document for consistency and clarification.
Version 2.0.1	11/30/2017	Incorporating CR009 changes to the Charge section.
Version 2.0.2	12/5/2017	Incorporating CR001-CR003, CR005-CR007, CR010-CR015, CR017, CR018, and CR020. (Do not implement CR008 or CR016.)
Version 2.0.3	01/16/2018	Incorporate CR019 and CR021-CR024, CR026.
Version 2.0.4	03/28/2018	Incorporate CR027 and BR001.
Version 2.0.5	04/30/2018	Incorporate CR028

## JIS Standard for Alternative Local Court Record Systems

Version 2.0.6	02/01/2019	Incorporate CR029 (move “complicity” from definition in element #67 to #65) & CR030 (add mapping from ChargeSource to ChargeReportingCategory)
Version 2.0.6	12/06/2019	Final version as approved by the JISC on 12/06/2019.
Version 2.0.7	4/2020	Add #387 – Citation Number
Version 2.0.7	5/27/2020	Adding CountSequenceNumber to Charge and Condition tables per CR
Version 2.0.7	7/30/2020	Adding: (1) Account Balance section and (2) Collections Status; plus (3) revising PCN to show PCN/TCN
Version 2.0.7	8/12/2020	Adding Judgment Number and Judgment Security Status Code under Judgments entity.
Version 2.0.7	9/02/2020	Restore element #77 – ORI, and add element #384 – Docket Sequence Number
Version 2.0.7	9/16/2020	Added element #118 (Detention Episode Primary Charge Severity Code) to the Deleted Elements section, so as to document rationale for deletion.
Version 2.0.7	10/07/2020	Reinstate element #76 (Citation Date) and add #385 – Citation Time. These are needed for electronic disposition exchanges. Removed #210 (Case Identifier for PCN), since redundant.
Version 2.0.7	10/16/2020	Add #386 – Originating Agency Type Code
Version 2.0.7	12/04/2020	Version approved by the JISC.
Version 2.0.8	3/17/2021	Added #388 (Court Regional Location Code) and #389 (Court Team Code)
Version 2.0.8	6/16/2021	Added #390 Citation Identifier, Updated court level for #62, Updated Condition Charge Identifier
Version 2.0.8	12/03/2021	Version approved by the JISC.

# JIS Standard for Alternative Local Court Record Systems

## PURPOSE

This standard contains the requirements for trial courts to interface independent, automated court record systems with the state Judicial Information System (JIS). These standards are necessary to ensure the integrity and availability of statewide data and information to enable open, just and timely resolution of all court matters.

## AUTHORITY

RCW 2.68.010 established the Judicial Information System Committee (JISC).

*“The judicial information system committee, as established by court rule, shall determine all matters pertaining to the delivery of services available from the judicial information system.”*

JISC Rule 1 describes the authority of the Administrative Office for the Courts (AOC) for the JIS.

*“It is the intent of the Supreme Court that a statewide Judicial Information System be developed. The system is to be designed and operated by the Administrator for the Courts under the direction of the Judicial Information System Committee and with the approval of the Supreme Court pursuant to RCW 2.56. The system is to serve the courts of the state of Washington.*

JISC Rule 13 gives the JISC specific responsibility and authority to review and approve county or city proposals to establish their own automated court record systems.

*“Counties or cities wishing to establish automated court record systems shall provide advance notice of the proposed development to the Judicial Information System Committee and the Office of the Administrator for the Courts 90 days prior to the commencement of such projects for the purpose of review and approval.”*

RCW 2.68.050 directs the electronic access to judicial information.

*“The supreme court, the court of appeals and all superior and district courts, through the judicial information system committee, shall:*

- (1) Continue to plan for and implement processes for making judicial information available electronically;*
- (2) Promote and facilitate electronic access to the public of judicial information and services;*
- (3) Establish technical standards for such services;*
- (4) Consider electronic public access needs when planning new information systems or major upgrades of information systems;*
- (5) Develop processes to determine which judicial information the public most wants and needs;*
- (6) Increase capabilities to receive information electronically from the public and transmit forms, applications and other communications and transactions electronically;*
- (7) Use technologies that allow continuous access twenty-four hours a day, seven days per week, involve little or no cost to access, and are capable of being used by persons without extensive technology ability; and*
- (8) Consider and incorporate wherever possible ease of access to electronic technologies by persons with disabilities.”*

RCW 2.56.030 describes the powers and duties of the AOC. The following subsections apply to this standard:

## JIS Standard for Alternative Local Court Record Systems

- (1) *Examine the administrative methods and systems employed in the offices of the judges, clerks, stenographers, and employees of the courts and make recommendations, through the chief justice, for the improvement of the same;*
- (2) *Examine the state of the dockets of the courts and determine the need for assistance by any court;*
- (4) *Collect and compile statistical and other data and make reports of the business transacted by the courts, and transmit the same to the chief justice to the end that proper action may be taken in respect thereto;*
- (6) *Collect statistical and other data and make reports relating to the expenditure of public moneys, state and local, for the maintenance and operation of the judicial system and the offices connected therewith;*
- (7) *Obtain reports from clerks of courts in accordance with law or rules adopted by the supreme court of this state on cases and other judicial business in which action has been delayed beyond periods of time specified by law or rules of court and make report thereof to supreme court of this state;*
- (11) *Examine the need for new superior court and district court judge positions under an objective workload analysis. The results of the objective workload analysis shall be reviewed by the board for judicial administration which shall make recommendations to the legislature. It is the intent of the legislature that an objective workload analysis become the basis for creating additional district and superior court positions, and recommendations should address that objective;”*

The Supreme Court of Washington Order No. 25700-B-440 directs the establishment of the Washington State Center for Court Research within the AOC. The order authorizes the collection of data under RCW 2.56.030 for the purpose of: objective and informed research to reach major policy decisions; and to evaluate and respond to executive and legislative branch research affecting the operation of the judicial branch.

The Supreme Court of Washington Order No. 25700-B-449 adopting the Access to Justice Technology Principles. The order states the intent that the Principles guide the use of technology in the Washington State court system and by all other persons, agencies, and bodies under the authority of this Court. The Order further states that these Principles should be considered with other governing law and court rules in deciding the appropriate use of technology in the administration of the courts and the cases that come before such courts, and should be so considered in deciding the appropriate use of technology by all other persons, agencies and bodies under the authority of this Court.

### GUIDANCE

JIS Baselines Services: In its strategic planning efforts throughout recent years, the JISC recognized the need to identify baseline services to guide development initiatives. The JISC established the JIS Baseline Services Workgroup in June 2010. The Workgroup published a report that specified data to be shared and identified common processes needed for Washington State Courts. On October 7, 2011, the JISC approved a resolution that: “*the JIS Baseline Services be referenced in planning of all court information technology projects.*” As such, the report is used as a guideline for section ‘B’ – Shared Data and section ‘C’ – Common Processes.

## **JIS Standard for Alternative Local Court Record Systems**

The Annie E. Casey Foundation's Juvenile Detention Alternatives Initiative Data Analysis: Recommendation of Standards: This report contains recommendations for a common set of standards for data collection, analysis, and reporting.

The Washington State Access to Justice Technology Principles should be used for technologies in the Washington State justice system. The Access to Justice Technology Principles apply to all courts of law, all clerks of court and court administrators and to all other persons or part of the Washington justice system under the rule-making authority of the Court.

### **SCOPE**

The information in this standard applies to all Washington State Superior Courts and Courts of Limited Jurisdiction (CLJ) operating an Alternative Electronic Court Record System. Juvenile Departments are included in the scope as each is a division within a Superior Court. It does not include the Supreme Court and Court of Appeals courts as their systems are, by statute, fully supported by the AOC.

This standard does not apply to Superior and CLJ courts using the statewide case management system, as they are already subject to existing JIS policies, standards, guidelines, and business and data rules that encompass the data requirements identified in Appendix 'A.'

### **DEFINITIONS**

"Statewide court data" refers to data needed for sharing between courts, judicial partners, public dissemination, or is required for statewide compilation in order to facilitate the missions of the Washington Courts, justice system partners, and the AOC.

"Alternative Electronic Court Record System" is any electronic court records technology system that is the source of judicial data identified in section B below.

"The Judicial Information System (JIS)" is the collection of systems, managed by the AOC, that serve the courts and includes the corresponding databases, data exchanges, and electronic public data access.

"Data Exchange" is a process that makes data available in an electronic form from one computer server to another so that an automated system can process it. Exchanges involve data moving from the AOC to other destinations and data coming into the AOC from external sources.

### **STANDARDS**

The following subsections provide the standards for courts that implement and operate an Alternative Electronic Court Record System. There are six sections:

- Section 'A', General: provides references to RCW's, Court General Rules, and JISC rules that must be followed.
- Section 'B', Shared Data: contains the data that must be provided by the Alternative Electronic Court Record System to the statewide JIS.
- Section 'C', Common Process: provides guidance to provide consistency and quality in the content of the shared data identified in subsection 'B' - Shared Data.
- Section 'D', Security: identifies the AOC security standards that apply for data sharing and access to the statewide JIS.

## JIS Standard for Alternative Local Court Record Systems

- Section 'E', Technical: provides the technical requirements that are required for the exchange of data between systems.
- Section 'F', Responsibilities: provides information on what is expected to be performed by the courts and by the AOC.

### A. GENERAL

General Standards describe high-level shared data and business processes that are needed so that a court's implementation and operation of an Alternative Electronic Court Record System does not have a negative impact on the public, other courts, justice system partners, and the AOC. The following existing authoritative references provide the high level standards to be used. Inclusion of these rules provides an easy reference for the courts on what statutes, rules, and other items apply so that they can effectively plan for and operate an alternative system.

1. A court that implements an Alternative Electronic Court Record System will continue to follow RCW's related to the JIS as applicable and prescribed by law. These include:
  - a) [RCW 2.68](#) regarding the JIS;
  - b) [RCW 26.50.160](#) regarding the JIS being the designated statewide repository for criminal and domestic violence case histories;
  - c) [RCW 26.50.070\(5\)](#) and [RCW 7.90.120](#) regarding mandatory information required by JIS within one judicial day after issuance of protection orders ;
  - d) [RCW 10.98.090](#) regarding reporting criminal dispositions to the Washington State Patrol (WSP) from the JIS;
  - e) [RCW 10.97.045](#) regarding disposition data to the initiating agency and state patrol and;
  - f) [RCW 10.98.100](#) regarding compliance audits of criminal history records.
2. A court that implements an Alternative Electronic Court Record System will continue to follow Washington State Court General Rules (GR), specifically:
  - a) [GR 15](#) for the destruction, sealing, and redaction of court records
  - b) [GR 22](#) for the access to family law and guardianship court records
  - c) [GR 31](#) for the access to court records and
  - d) [GR 31.1](#) for the access to administrative records
  - e) [GR 34](#) for the waiver of court and clerk's fees and charges in civil matters on the basis of indigency
3. A court that implements an Alternative Electronic Court Record System will continue to follow JIS rules, specifically:
  - a) [Rule 5](#) regarding standard data elements;
  - b) [Rule 6](#) regarding the AOC providing the courts standard reports

## JIS Standard for Alternative Local Court Record Systems

- c) [Rule 7](#) regarding codes and case numbers
- d) [Rule 8](#) regarding retention
- e) [Rule 9](#) regarding the JIS serving as the communications link for courts with other courts and organizations and
- f) [Rule 10](#) regarding attorney identification numbers
- g) [Rule 11](#) regarding security
- h) [Rule 15](#) regarding data dissemination, including the local rules consistent with the JIS Data Dissemination Policy and
- i) [Rule 18](#) regarding removing juvenile data when only a truancy record exists

### B. SHARED DATA

These standards identify the data required to ensure that the existing JIS, the statewide data repository, and any Alternative Electronic Court Record System database are able to complete necessary transactions and provide synchronized information to users.

A court that implements an Alternative Electronic Court Record System shall send the shared data identified in these standards to the JIS. The court shall comply with these standards through direct data entry into a JIS system or by electronic data exchange. All data elements which have been marked as “Baseline” with a ‘B’ in columns corresponding to the court level, in Appendix ‘A’ shall be effective as of the approval date of the standard. The implementation of the shared data (court applicability and timing) shall be governed by the Implementation Plan for the JIS Data Standards for Alternative Electronic Court Record Systems.

Detailed business and technical requirements for the shared data elements listed in Appendix ‘A’ will be provided in a separated Procedure and Guideline Document.

This subsection is divided into four parts:

- The Shared Data Element Standards identify the data elements that require sharing.
- The Codes Standards specify the valid values contained in the shared data elements.
- The Data Element Time Standards provide the requirements for when the data is to be provided.
- Data Quality Standards that ensure that data is complete and correct.

**Assumptions:** There must be a thorough understanding of data exchanged between systems. Data elements must be translatable between systems. Changes to data and business rules which may affect the data must be reviewed, understood, and accepted by both the AOC and the Alternative Electronic Court Record System providers.

#### 1. Shared Data Standards:

JISC Rule 5 requires a standard court data element dictionary:

*“A standard court data element dictionary for the Judicial Information System shall be prepared and maintained by the Administrator for the Courts with the approval of the Judicial Information System Committee. Any modifications, additions, or deletions from the standard court data*

## JIS Standard for Alternative Local Court Record Systems

*element dictionary must be reviewed and approved by the Judicial Information System Committee.”*

The standards listed below identify a standard number, title, business requirement, a rationale, shared data (business names), and applicable court levels. Appendix A is used to translate the ‘Shared Data’ name to a list of one or more data elements. Data exchange specifications for each element will be provided in the Information Exchange Package Documentation (IEPD) for Web Services or other specifications for bulk data exchanges.

(1)	<b>Title</b>	Party Information
	<b>Requirement</b>	Additions and updates to person data in accordance with the statewide person business rules.
	<b>Rationale:</b>	Needed for participation on a case; unique identification of litigants for statewide case history; location of parties for correspondence and contact; and serving of warrants.
	<b>Shared Data</b>	Person Organization Official Attorney Person Association Address Phone Electronic Contact Person Flag
	<b>Court Level</b>	Superior, Juvenile, and CLJ

(2)	<b>Title</b>	Case Filing and Update
	<b>Requirement:</b>	The initial filing and updates of all matters initiated in a Superior Court or Court of Limited Jurisdiction court. Also, the creation and update of juvenile referrals and diversions.
	<b>Rationale:</b>	Needed for statewide case statistics, judicial needs assessment, person case history, public information, and research.
	<b>Shared Data</b>	Case Document Information Citation Case Relationship Process Control Number Case Flag
	<b>Court Level</b>	Superior, Juvenile, and CLJ

(3)	<b>Title</b>	Case Participation
	<b>Requirement:</b>	Creation and update of primary participants together with party type, party information, and relationships to other parties.
	<b>Rationale:</b>	Needed for judicial decision making, person case history, family courts, and public information.
	<b>Shared Data</b>	Participant Attorney Participant Association
	<b>Court Level</b>	Superior, Juvenile, and CLJ

## JIS Standard for Alternative Local Court Record Systems

(4)	<b>Title</b>	Case Charge
	<b>Requirement:</b>	Addition of original charges, amendments through final resolution.
	<b>Rationale:</b>	Needed for statewide case statistics, judicial decision making, person case history, sharing with judicial partners, and public information.
	<b>Shared Data</b>	Charge
	<b>Court Level</b>	Superior, Juvenile, and CLJ

(5)	<b>Title</b>	Significant Document Index Information
	<b>Requirement:</b>	Creation and update of index information on all significant documents (orders, judgments, stipulations, agreements, etc.) that are needed for statewide data sharing and caseload reporting.
	<b>Rationale:</b>	Needed for statewide case statistics, domestic violence processing, judicial decision making, firearms reporting, and voting rights.
	<b>Shared Data</b>	Significant Document Index Information Significant Document Parties
		Superior, Juvenile, and CLJ

(6)	<b>Title</b>	Warrant Information
	<b>Requirement:</b>	Order Issuing Warrant and status processing update through final disposition.
	<b>Rationale:</b>	Needed for cross jurisdictional warrant processing and judicial decision making.
	<b>Shared Data</b>	Warrant Information
	<b>Court Level</b>	Superior and CLJ

(7)	<b>Requirement:</b>	Failure To Appear (FTA)
	<b>Requirement:</b>	Order issuing FTA and status update process through final disposition.
	<b>Rationale</b>	Needed for judicial decision making and integration with Department of Licensing FTA and FTA adjudication.
	<b>Shared Data</b>	Failure to Appear
	<b>Court level</b>	CLJ

(8)	<b>Title</b>	Proceeding
	<b>Requirement:</b>	Creation and update of proceedings and associated outcomes.
	<b>Rationale:</b>	Needed for statewide statistics and judicial needs assessment.
	<b>Shared Data</b>	Proceeding
	<b>Court Level</b>	Superior and CLJ

(9)	<b>Title</b>	Case Status
-----	--------------	-------------

## JIS Standard for Alternative Local Court Record Systems

	<b>Requirement:</b>	Case resolution, completion, and closure (with associated dates) together with a history of case-management statuses through which the case progresses, and the duration of each status.
	<b>Rationale:</b>	Needed for statewide statistics and judicial needs assessment.
	<b>Shared Data</b>	Case Status
	<b>Court Level</b>	Superior, Juvenile, and CLJ

(10)	<b>Title</b>	Case Conditions
	<b>Requirement:</b>	Creation and update of case outcome conditions that must be satisfied. These include, but are not limited to: items for a judgment and sentence, diversion agreement, probation violation, civil judgment, or other similar instruments.
	<b>Rationale:</b>	Needed for statewide statistics and compliance monitoring, research, and judicial decision making.
	<b>Shared Data</b>	Conditions
	<b>Court Level</b>	Superior, Juvenile, and CLJ

(11)	<b>Title</b>	Case Association
	<b>Requirement:</b>	Creation and update of related cases.
	<b>Rationale:</b>	Needed for consolidate cases, referral case association, appeals, and public information (judgment case to originating case).
	<b>Shared Data</b>	Case Association
	<b>Court level</b>	Superior, Juvenile, CLJ

(12)	<b>Title</b>	Accounting Detail
	<b>Requirement:</b>	Sharing of case accounting for sharing between courts and the AOC information on receivables, payables and distributions.
	<b>Rationale:</b>	Needed for judicial decision making (obligations on a case), Legal Financial Obligation (LFO) billing, Court Local revenue Report, statistical reporting, research, and legislative analysis and financial auditing.
	<b>Shared Data</b>	Accounting Detail
	<b>Court Level</b>	Superior and CLJ

(13)	<b>Title</b>	Accounting Summary
	<b>Requirement:</b>	Creation and update of monthly ledger balance by Budgeting, Accounting, and Reporting System (BARS) Account.
	<b>Rationale:</b>	Needed for statewide statistics and legislative analysis.
	<b>Shared Data</b>	Accounting Summary
	<b>Court Level</b>	Superior and CLJ

(14)	<b>Title</b>	Account Balance
	<b>Requirement:</b>	Balance owing by participant for a case
	<b>Rationale:</b>	Needed for judicial decision making statewide.

## JIS Standard for Alternative Local Court Record Systems

	<b>Shared Data</b>	Case Balance
	<b>Court Level</b>	Superior and CLJ

<b>(15)</b>	<b>Title</b>	Detention Episode
	<b>Requirement:</b>	Creation and update of detention episode summary information.
	<b>Rationale:</b>	Needed for statistical research aimed at the: reduction on the reliance of secure confinement; improvement of public safety; reduction of racial disparities and bias; cost savings; and support of juvenile justice reforms.
	<b>Shared Data</b>	Detention Episode Summary Detention Episode Population
	<b>Court Level</b>	Juvenile

<b>(16)</b>	<b>Title</b>	Flags and Notifications
	<b>Requirement:</b>	There are a variety of alerts, flags, and additional information on a person, organization, official, case, or case participant that need to be recorded and shared between organizations.
	<b>Rationale:</b>	Flags are needed to support public safety and judicial decision making. Instances of public safety are medical, social, and behavioral alters generated in juvenile detention. Some of these alerts persist beyond a single detention episode are needed by other organizations. Instance of case flag for judicial decision making would be the home detention violations one and two.
	<b>Shared Data</b>	Person Flag Case Flag Case Participant Flag
	<b>Court Level</b>	Superior, CLJ, Juvenile

### 2. Code Standards:

The Shared Data Standards above identify the data that must be provided. The code standards provide the requirements for the data element values with standard values (e.g. codes).  
Therefore the codes standards apply to the data that is being shared.

Code standards control what data values are used to represent a business event. For example, the finding of 'Guilty' for a charge count is represented by the letter 'G'.

JISC Rule 7 Codes and Case Numbers specifies that: *“The Administrator for the Courts shall establish, with the approval of the Judicial Information System Committee, a uniform set of codes and case numbering systems for criminal charges, civil actions, juvenile referrals, attorney identification, and standard disposition identification codes.”*

The Shared Data Standards above identify the data that must be provided. The code standards provide the requirements for the data element values with standard values (e.g. codes). Appendix 'A' lists the shared data elements. All elements that have a name suffixed with the word 'Code' will have a set of AOC-maintained valid values. The valid values will be defined in

## JIS Standard for Alternative Local Court Record Systems

the data exchange's IEPD. For courts that perform double data entry into JIS, the code values are those enforced by the JIS screens.

### 3. Data Element Time Standards:

Data Element Time Standards control the time in which a business event must be reported to the JIS. For example, a domestic violence protection order is required to be entered into the JIS within one judicial day after issuance. The domestic violence protection order time standards is based on statute.

The data element time standards are based on the following criteria:

- a) Statute;
- b) Court rules;
- c) Public safety;
- d) Judicial decision making; and
- e) Reporting needs.

The following time categories are used:

- a) **One Day** – data shall be provided no later than one business day after being entered into the alternative system. In instances where state statute or other mandates require data be entered into the JIS sooner, those mandates shall prevail (see general standards).
- b) **Two Day** – data shall be provided within two business days after the event occurred and was entered into the alternative system. This category is used to get most all case information that is not required to be current except for the court of origination.
- c) **Monthly** – data for the previous month shall be provided by the 10th day of the following month. This category is used generally for statistical data that is not used for operational decision making (caseload statistics).

#### Time Standards Table

Id	Event	Time category
1	Case initiation and updates for well-identified individuals. This is for both civil and non-civil cases in accordance with the person business rules (except for parking/vehicle related violations). Accounting Detail and Account Balance associated with these cases.	One Day
3	Case filings and updates for non-well-identified individuals. Accounting Detail and Account Balance associated with these cases.	Two Day
4	Parking/vehicle related violations cases with non-well-identified persons. Accounting Detail and Account Balance associated with these cases.	Monthly
5	Accounting Summary	Monthly
6	Detention Summary Detention Daily Population	Monthly

### 4. DATA QUALITY

## **JIS Standard for Alternative Local Court Record Systems**

Local Automated Court Record Systems shall work with the AOC in compliance with Data Quality Service Level Agreements (SLA) to ensure that court data meets the data quality standards for critical data elements when sending data to the JIS. This ensures quality information is transferred downstream and made available to the public. The SLA will also specify roles, responsibilities, notification, development of data quality rules between systems, measuring and monitoring processes between systems, escalation strategies, and timeliness of resolution for identified issues impacting quality of information for statewide data and information the AOC is required, by statute, to provide to external partners (i.e. background check data to the WSP).

### **Standards:**

The Shared Data Standards above identify the data that must be provided. The data quality standards apply to the data that is shared. Data that is shared must be consistent with the data from the alternative system.

Courts that operate an Alternative Electronic Court Record Systems shall work with AOC to ensure that data has:

- a) **Uniqueness:** No entity exists more than once within the data set. What this means is that if a case at a court exists, that case will have a unique identification. For example, a case should not have two different identifications (case numbers), making it appear that there are two instead of one.
- b) **Accuracy:** The degree with which data correctly represents the “real-life” objects they are intended to model. Accuracy measures the degree to which the computerized records reflect the authoritative court records. For example, the computerized record should show a guilty finding when the Order for Judgment and sentence is ‘Guilty.’
- c) **Timeliness:** Adheres to case management court time standards and transfer of information within expected time for accessibility and availability of information.
- d) **Consistency:** Data values in one data set are consistent with values in another data set.
- e) **Completeness:** Certain attributes are expected to be assigned values in a data set.
- f) **Conformance:** The degree to which instances of data are exchanged, stored or presented in a format consistent with other system similar attribute values.

### **C. COMMON PROCESS**

Common process standards are needed to provide consistency and quality in the content of the shared data identified in subsection ‘B’, Shared Data. These processes are not mandatory unless required by law.

**Assumptions:** Alternative Electronic Court Record Systems will operate independent of the JIS.

### **Standards:**

- 1. A court should follow Person Business Rule 3.0 and all subsections when adding persons to the JIS database.
- 2. A court should record a date of death based only on official documentation received from Department of Health or from court orders.

## **JIS Standard for Alternative Local Court Record Systems**

3. A court should consult the JIS for statewide case history for a well identified individual unless the court has an established process for using fingerprint and photo for identifying a person.
4. A court should consult the JIS for determining protection orders for an individual.
5. A court shall consult the JIS prior to entry of a final parenting plan (RCW 26.09.182).

### **D. SECURITY**

This section provides security standards that shall be followed.

**Assumption(s):** Alternative Electronic Court Record Systems shall ensure that data is properly secured, both locally and when exchanging data with central systems. The following standards are not intended to provide an exhaustive list of appropriate security controls. Rather, they provide minimums necessary to provide a reasonable level of protection for the exchange of court data. Courts assume responsibility for the protection of all data in their custody and shall adhere to all relevant RCW's, General Rules of Court, Federal Regulations and other regulatory requirements.

#### **Standards:**

1. The court using an Alternative Electronic Court Record System shall comply with the JIS IT Security Policy only as it applies to access and data exchange with the JIS. The JIS IT Security Policy directs that the AOC Information Technology Security Standards be followed. The standards that apply to the exchange of information are the [AOC ISD Infrastructure Policies](#):
  - a) 1.10 regarding password security;
  - b) 1.11 regarding network access;
  - c) 1.15 regarding user account deletion;
  - d) 1.26 regarding firewall access;
  - e) 7.10 regarding incident response; and
  - f) 7.12 regarding audit records and auditable events.
2. When there are no documented JIS IT Policy/Standards, then the current version of the National Institute of Standards and Technology (NIST) 800-53 'Security and Privacy Controls for Federal Information Systems and Organizations' shall be used.

### **E. TECHNICAL**

This set of standards will address the technical requirements that will impact the exchange of data between systems. These Technical Standards are for the integration between the statewide JIS and an Alternative Electronic Court Record Systems.

#### **Assumption(s)**

## **JIS Standard for Alternative Local Court Record Systems**

- None.

### **Standards:**

1. Software interfaces shall conform to the following open industry standards:
  - a) Web Services through HTTP(s) based on WS-\* Standards;
  - b) Content Access through HTTP/HTML based Web Sites;
  - c) File Drop through Secured File Transmission Protocol; and
  - d) IBM Message Queue Service.

## **RESPONSIBILITIES**

As a court moves toward implementing an alternative system, the services provided by the AOC and those provided by a court will change. This section identifies services where there is an expectation for change in responsibility for providing services related to this standard. These are to be used to assist in planning for, transitioning to, and operating an Alternative Electronic Court Record System.

### Court Responsibilities:

1. A court shall be responsible for the development, maintenance, and operation of integration components to provide required data to the AOC.
2. A court shall be responsible for monitoring legislative and rule changes that impact their system and making the changes needed by the date required.
3. A court shall be responsible for its own disaster recovery plan, including data backups and restoration procedures. Disaster recovery planning and testing is performed to ensure that a court can sustain business continuity in the event of a disaster that impairs its Alternative Electronic Court Record System and integration linkages with the statewide system.
4. A court shall ensure auditability of their system, including audit logs recording user activities, exceptions, and information security events necessary to detect and audit unauthorized information-processing activities. The AOC currently provides audit records for JIS systems to track the identity of a person changing or accessing JIS data and the date and time it was changed/access. The JIS audit trails are used periodically as evidence in court cases for unauthorized data access. The alternative systems are expected to have a similar capability for tracking changes and data access.
5. A court shall use the codes list provided by the AOC. The data sent to the AOC via data entry or data exchange shall conform to the standard codes values defined for those methods. Translation for the alternative system to the standard code is expected to be performed by the originating court.

### AOC Responsibilities:

1. The AOC shall be responsible for the development, maintenance, and operation of integration components to consume data.
2. The AOC shall provide access to shared data through applications or data services.
3. The AOC shall publish a catalog of data exchange services.
4. The AOC should assist courts in a technical advisory role in service usage.

## **JIS Standard for Alternative Local Court Record Systems**

5. The AOC shall publish code lists for the courts based on the AOC and court Service level Agreement (SLA) prior to the codes becoming effective.
6. The AOC shall be responsible to notify in advance of making any changes to any data exchange service which would require courts to make any corresponding revisions to their systems, and to work with the affected courts to minimize any such potential impact.

### **Shared Responsibilities: -**

1. The Information Technology Governance (ITG) process shall be used for governing changes in data elements (new, revised, codes changes, etc.), data exchange transport methods (message content, format, security, etc.), or other items that impact the client side (court) technology components.
2. The AOC and the court will work cooperatively on processes for identifying, correcting, and monitoring data quality as specified in subsection B.4 issues.
3. The AOC and the court will coordinate disaster recovery testing for the integration components between the two systems.
4. Changes that are required by legislative mandate, court rule, or other authority must be completed based on the effective date imposed by the originating authority. Changes that are originated from a source other than law/rule shall be made effective in a reasonable time frame as agreed to between the parties involved. If an agreement cannot be made, the JISC shall determine the effective date of the change.

### **REVIEW CYCLE**

This standard is reviewed and updated as needed.

### **OWNERS**

This JIS Standard supports JISC Rule 13 and is owned by the JISC.

**Appendix A – Shared Data Elements**

The table below provides the standards for the data to be shared. The following is a description of each column:

**Shared Data** – The Name of the Shared Data group. This name can be used to cross reference back to subsection B.1 In the “Shared Data” cell. This provides a business name for the group of data elements to be shared.

**Identifiers** – An Identifier is a system-generated set of values (alpha and/or numeric characters) assigned to a given data element. It identifies a given record uniquely (a Key) within the Data producer’s application. This “Key” could be used to retrieve or update the record. Each section of JIS Statewide Standard Elements below has been assigned a certain type of Identifier(s) that must be sent in conjunction with any element from that section in order for the data to be accurately stored in/retrieved from the EDR. The Identifiers are located in their section, after the business elements. (Please refer to page 37 of this document for a list of appropriate Identifiers assigned to each business section.)

**Element Number** – A sequential number is assigned to each individual data element. A re-validation of the elements was completed in August 2017 to coincide with the new “Simplification” model changes. During this time, any new elements that were added to the Standards were assigned a number in the 300 series to highlight the changes.

**JIS Standard Data Element Name** – The business related name for the shared data element.

**Definition** – The definition for either the Share Data group or the Data Element.

**Standards Requirement** – By Court Level if the data element is required – ‘B’ –Baseline, ‘F’ – Future, NA – Not Applicable.

*Baseline* refers to data that is currently collected by all courts in a statewide, systematic way. *Future* refers to data that is not currently collected by all courts in a systematic way. For instance, the data may be currently collected by courts in different ways (via Note fields or in non-CMS application) or may not be collected by a court at all.

**Sup** – Superior

**CLJ** – Court of Limited Jurisdiction

**Juv** – Juvenile Department

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
<b>Accounting Summary</b>		Accounting Summary provides the total debit and credit amounts for a given court and jurisdiction and calendar month.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
1	Court Code	Code that identifies the court.	B	B	NA
2	BARS Account Number Code	The standard Budgeting Accounting and Reporting System code for the account being reported.	B	B	NA
4	Jurisdiction Code	Code identifying the jurisdiction for which the account applies.	B	B	NA
5	Accounting Summary Date	Month end date for which the accounting information was transmitted.	B	B	NA
312	Remit Status Code	Accounts receivable status (e.g. non-revenue, unbilled, billed, payment)	B	B	NA
6	Debit Amount	The total debit amount for the court, jurisdiction, BARS account number, and accounting date.	B	B	NA
7	Credit Amount	The total credit amount for the court, jurisdiction, BARS account number, and accounting date.	B	B	NA
362	Begin Balance	The balance of the account at the beginning of the reporting period for the court and jurisdiction.	B	B	NA
<b>Accounting Detail</b>		Accounting Detail provides the most granular level of financial information. It contains the information for accounts receivable, adjustments, receipts, distributions, and other transactions for case and non-case related accounting. Local details, such as non-participant “payee” data, is not needed for statewide sharing and will not be captured here.	B	B	NA
8	Court Code	Code that identifies the court.	B	B	NA
13	Jurisdiction Code	Code that identifies the jurisdiction for which the account applies.	B	B	NA
14	Accounting Post Date	Date on which the accounting transaction occurred.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
15	BARS Account Number Code	The standard Budgeting Accounting and Reporting System code for the account being reported.	B	B	NA
314	Remit Group Sub-Account Code	Revenue paid to a court that must be remitted to state or local government entities. Examples: Current Expense (Local City or County Funds), Crime Victims Fund, Law Library Fund, State General Fund, School Zone Safety Account, Prostitution Prevention and Intervention Account, etc. These remit group accounts are associated to BARS (Budgeting Accounting and Reporting System) account numbers.	B	B	NA
315	Remit Group Type Code	Category identifying whether remitted revenue sub-account is Local or State monies.	B	B	NA
16	Accounting Amount	The dollar amount allocated to the BARS account for the transaction (debits, credits).	B	B	NA
17	Primary Law Number	The statewide standard law number, when available, for which the transaction applies.	B	B	NA
18	Cost Fee Code	The statewide standard cost fee code, when available, for which the transaction applies (e.g. Copy/Tape Fee, Civil Filing Fee, Unlawful Detainer Fee, etc.).	B	B	NA
19	Transaction Code	A standard code that specifies the transaction that was made (e.g. Bail Forfeiture, Adjustment, Petty Cash, etc.).	B	B	NA
20	Adjustment Reason Code	A code which identifies the reason for an adjustment (e.g. clerical error, amended, waived, etc.).	B	B	NA
317	Remit Status Code	Accounts receivable status (e.g. non-revenue, unbilled, billed, payment)	B	B	NA
<b>Account Balance</b>		Account balance is the current total owed by a case participant on a case.	B	B	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
377	Case Balance	Current case balance	B	B	F
<b>Address</b>		Address provides information on a location or contact for a person, official, or organization.	B	B	B
22	Address Type Code	A code which specifies the address type (e.g. residence, mailing, etc.).	B	B	B
23	Address Line 1	The first line of the address per US postal standards.	B	B	B
24	Address Line 2	The second line of the address per US postal standards.	B	B	B
25	Address Line 3	The third line of the address per US postal standards.	B	B	F
26	Address City Name	The legal name of the city or location.	B	B	B
27	Address Postal Code	The US zip code, Canadian Postal Code or other similar routing number.	B	B	B
28	Address State Code	The state code for the location.	B	B	B
29	Address County	The county name for the location.	B	B	B
30	Address Country Code	The location country code.	B	B	B
31	Address Begin Date	The first date that the address is applicable for the person, official, or organization.	B	B	B
32	Address End Date	The last date that the address is applicable for the person, official, or organization.	B	B	B
33	Address Status Code	A code which designates the status of the address (e.g. undeliverable, returned, confidential, etc.).	B	B	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
240	Address Source Code	A code which identifies the document or other source used to enter an address for a person (e.g. Notified by DOL, Notified by prosecutor, etc.).	B	B	B
<b>Case Association</b>		A case association is the relationship of one case/referral linked to another case/referral. For example, CLJ case and the associated superior court case upon appeal, A probable cause hearing/case and the legal case, consolidated cases, a juvenile referral and the associated superior court case, superior court case and the Appellate court appeal, etc.	B	F	B
36	Case Association Type Code	A code that identifies the type of associations (e.g. linked, consolidated, etc.).	B	F	B
37	Case Association Role Type Code	A code that specifies the role of the case in the association (e.g. primary, secondary, referral, etc.).	B	F	B
300	Case Association Begin Date	The case association begin (effective) date.	F	F	B
301	Case Association End Date	The case association end (effective) date.	F	F	F
<b>Case</b>		A case is the primary business item that is used to manage and track status for issues filed in a court. <i>NOTE:</i> All elements in this section also capture the details of juvenile referrals.	B	B	B
39	Court Code	A code that uniquely identifies a court statewide (such as the existing three digit codes for courts—THD, S17, J34, etc.).	B	B	B
388	Court Regional Location Code	A code which specifies a (sub)regional court or office location within a county. The code identifies where a case is assigned and processed, and supports reporting needs. Example: King County Superior Court Regional Justice Centers, with Seattle (SEA) and Kent (KNT) locations.	B	F	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
389	Court Team Code	A code which specifies a team within a county for purposes of assigning, tracking, processing, and reporting cases. This is currently most often used by superior courts for dependency case tracking (and associated WSCCR reports). Example: Snohomish County's "Orange" and "Blue" teams.	B	F	F
40	Case Number	A number that is used for externally identifying a case. Examples are Superior court Case Number, Referral number, etc.	B	B	B
41	Case Type Code	Code that identifies the case based on category (e.g. criminal, civil, juvenile truancy, infractions, etc.).	B	B	B
302	Cause Code	A code that indicates the specific cause of action. Examples are FEL (Felony), HAR (Harassment), SXP (Sexual Assault Protection), BRE (Breach of Contract), etc.	B	B	NA
42	Law Enforcement Agency Code	A code that identifies the law enforcement agency that originated the case (e.g. Olympia Police Department, Washington State Patrol, etc.).	B	B	B
43	Case Filing Date	The date in which the case/referral was filed in the trial court.	B	B	B
44	Case Title	The court case title. (Free form text.)	B	B	B
241	Case Suit Amount	The dollar amount of the suit on a civil case.	F	B	NA
45	Case Security Code	A code which specifies the security level for the case (e.g. confidential, sealed, public, etc.).	B	B	B
361	Jurisdiction Code	A code that identifies the county, city or town from which the cause of action originated.	B	B	B
<b>Case Flag</b>		A flag, notification, or other important data regarding the case that supports public safety or judicial decision.	B	B	B

## Appendix A – Shared Data Elements

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
264	Case Flag Type Code	A code that identifies the type of flag. This includes items such as: Abuse/Neglect, No Parent or Guardian Willing/Able, Abandonment, and Domestic Violence.	B	B	B
265	Case Flag Begin Date	The case flag begin effective date.	F	F	F
266	Case Flag End Date	The case flag end effective date	F	F	F
<b>Case Status</b>		Case/Referral status provides information on the different stages of a case/referral through its lifecycle (e.g. resolution, completion, closure, active, suspended, etc.).	B	B	B
47	Case Status Type Code	A code identifying the type of case status Examples: Active (Superior Court); Closed (CLJ); Pending (Juvenile referrals). <i>See paired examples below in Sub-type</i>	B	B	B
48	Case Status Sub-Type Code	A code identifying the specific status within the type. This element includes Resolution statuses for Superior Court cases. Examples: Return from Appeal (Superior Court); Change of Venue (CLJ); Referral Screening (Juvenile referrals). <i>See paired examples above in Type.</i>	B	B	B
49	Case Status Begin Date	The begin (effective) date associated with the case status.	B	B	B
303	Case Status End Date	The end (effective) date associated with the case status.	B	B	F
<b>Charge</b>		An allegation as to a violation of law. Juvenile referral reasons and reason statuses are captured here.	B	B	B
54	Charge Information Date	The file date from the charging document.	B	B	NA
55	Charge Count Number	An assigned number for each charge count.	B	B	NA
350	Amended Count Number	An assigned number which tracks the link between the original and amended charge.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
351	Sequence Number	A number assigned to each charging document to record the sequential order in which the charges from that document were entered.	B	NA	NA
56	Charge Violation Date	The date in which the offense, citation, violation etc. occurred.	B	B	B
57	Charge Primary Law Number	The law number as recorded for the primary charge.	B	B	B
369	Charge Primary Law Description	The law title which corresponds to the Charge Primary Law Number on the case's charging document.	B	B	NA
59	Charge Primary Result Code	A code which specifies the charge result/disposition as decided by the court, related to the primary charge (e.g. committed, guilty, etc.).	B	B	NA
60	Charge Primary Result Reason Code	A code which specifies the reason for the primary charge result/disposition code (e.g. court's motion, deferred prosecution completed, etc.).	F	B	F
61	Charge Primary Result Date	The date of the primary charge result/disposition finding.	B	B	B
62	Charge Special Allegation Law Number	The law number of any special allegation (e.g. deadly weapon, sexual motivation, criminal street gang, etc.) for the charge per RCW 9.94A.825-839. There can be zero-to-many special allegations associated with a single charge.	B	B	NA
370	Charge Special Allegation Description	The law title which corresponds to the Charge Special Allegation Law Number on the case's charging document.	B	B	NA
63	Charge Special Allegation Result Code	A code which specifies the outcome as decided by the court, related to the special allegation.	B	NA	NA
64	Charge Special Allegation Result Date	The date of the result of the special allegation.	B	NA	NA
65	Charge Modifier Law Number	The law number of any inchoate modifier (e.g. attempted, conspiracy, solicitation, and complicity) for the charge.	B	F	B
371	Charge Modifier Description	The law title which corresponds to the Charge Modifier Law Number on the case's charging document.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
66	Charge Additional Statute Law Number	The law number for any definitional laws cited in the charging document for the charge count. There can be zero-to-many definitions associated with a single charge. E.g. Burglary 2 <sup>nd</sup> Degree (9A.52.030), with two definitional RCWs: Burglary/Trespass Defined (9A.52.010) and Burglary—Inference of Intent (9A.52.040)	B	F	NA
372	Charge Additional Statute Law Description	The law title which corresponds to the Charge Additional Statute Law Number on the case's charging document.	B	B	NA
365	Charge Law Authority Code	The statutory (RCW), regulatory (Washington Administrative Code), or county/municipal (local) authority underlying each specified law. E.g. RCW, WAC, King County ordinance, Spokane Municipal Ordinance, etc.	B	B	B
366	Charge Penalty Code	A code which identifies which penalty category the charge falls into: e.g. infraction, misdemeanor, or felony.	B	B	NA
367	Charge Severity Code	This code identifies how serious a felony charge is (e.g. Felony A, Felony B, or Felony C).	B	B	NA
67	Charge Element Code	A code (commonly an RCW or a flag) which specifies an element of the charge count, such as domestic violence. There can be zero-to-many charge elements cited in the charging document applicability for the charge count.	B	B	B
373	Charge Element Description	The law title which corresponds to the Charge Element Code on the case's charging document.	B	B	NA
68	Charge Arraignment Date	The date on which the defendant was arraigned on the charge.	NA	B	NA
69	Charge Plea Type Code	A code that specifies the plea provided by the defendant for the charge (e.g. no contest, guilty, not committed, etc.).	B	B	NA
70	Charge Plea Date	The date on which the plea was made.	B	B	NA
71	Charge Sentence Date	The date on which sentencing was made on the charge.	B	B	NA
73	Charge Same Course of Conduct Code	A code used for juvenile cases to indicate if the charge was committed during the same course of conduct as related to other charges.	B	NA	NA

## Appendix A – Shared Data Elements

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
74	Charge Juvenile Disposition Offense Category Code	A code which specifies the offense severity for juvenile offender cases. (E.g. A, B+, C, D, E, etc.) See RCW 13.40.0357	F	NA	B
<b>Citation</b>		A document issued to a Person (or business) that contains the alleged violation of law. <b>NOTE:</b> <i>Many elements of a Citation are captured in the Case and Charge sections. Elements unique to citation are listed in this section.</i>	NA	B	NA
387	Citation Number	The citation number as displayed on the citation/ticket from the originating agency.	NA	B	NA
76	Citation Date	The date the citation was issued.	NA	B	NA
385	Citation Time	The time the citation was issued.	NA	B	NA
77	LEA Originating Agency Identifier Number (ORI)	A number assigned to designate the “originating agency,” developed by the National Crime Information Center (NCIC). This number identifies the agency that originated the citation/criminal complaint.  The Washington State Patrol (WSP) maintains a current list of ORI numbers online at: <a href="http://www.wsp.wa.gov/secured/access/manuals.htm">http://www.wsp.wa.gov/secured/access/manuals.htm</a> on the Access Manuals page.	NA	B	F
386	Originating Agency Type Code	A code that designates whether the agency is the filing agency, the originating agency, or the case (prosecuting) agency.	NA	B	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
78	Originating Agency Report Number	The originating agency report number (sometime referred to as police report number) assigned to the citation/criminal complaint as provided by the originating agency.	NA	F	F
79	Citation Amount	The dollar amount from the citation.	NA	B	NA
80	DOL Citation Code	Code(s) that indicates additional vehicle information details of the citation for the Department of Licensing. (E.g. Commercial Vehicle, 16 passenger, HazMat, Fatality Collision, and Accident). A citation may include none or many of these details.	NA	B	NA
83	Citation Blood Alcohol Content Type Code	A code that specifies the blood alcohol percentage testing method.	NA	B	NA
84	Citation Blood Alcohol Content Percent	The blood alcohol percent from the citation.	NA	B	NA
85	Citation THC Type Code	A code that specifies the THC testing method.	NA	B	NA
86	Citation THC Level Count	The THC level from the citation.	NA	B	NA
87	Vehicle License Number	The vehicle license plate number from the citation.	NA	B	NA
88	Vehicle License State Code	The vehicle license plate number state code from the citation.	NA	B	NA
<b>Condition</b>		Stipulation, requirement, or sentence details listed within an order or judicial decision that must be satisfied to resolve the issues on a case.	B	B	B
94	Condition Date	The date the condition was imposed.	B	B	B
95	Condition Type Code	The type of condition imposed (e.g. Alcoholics Anonymous, Anger Management, Court Costs Waived, etc.).	B	B	B
96	Condition Amount	A monetary amount applied to the condition.	B	B	B
352	Condition Sentence Description	Text description of conditions associated with a sentence.	B	NA	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
97	Condition Time Count	The numerical amount of time for the condition to be used in conjunction with Condition Time Unit Code (98).	B	B	B
98	Condition Time Unit Code	The time units (e.g. hour, day, month, year) for the condition time unit count.	B	B	B
99	Condition Review Date	The date the condition is scheduled for review.	B	B	B
100	Condition Completion Date	The date the condition was completed, not-completed, complied, waived, terminated, excused, etc.	F	B	B
101	Condition Completion Code	A code specifying the type of completion (e.g. completed, incomplete, complied, waived, terminated, excused, etc.).	B	B	B
<b>Detention Episode Population</b>		Detention population tracks the status of a juvenile for each day they are considered part of a facility's population. There is one record for each episode per juvenile per day.	NA	NA	B
102	Detention Facility	The detention facility name.	NA	NA	B
105	Detention Population Episode Reporting Date	The date for which the detention population is reported.	NA	NA	B
106	Detention Population Reporting Time	The time in which the detention population is reported.	NA	NA	B
107	Detention Population Status Code	A code value identifying the population status for each juvenile in the facility (e.g. Admission, Furlough, Intake, Legal and Released).	NA	NA	B
<b>Detention Episode Summary</b>		The Summary contains information for a juvenile who is placed in detention facility. There is one record for each episode as measured from intake to release.	NA	NA	B
108	Detention Facility	The detention facility name.	NA	NA	B
111	Detention Episode Intake Decision Code	A value that identifies the intake decision (e.g. admit, screen/release, pending).	NA	NA	B
112	Detention Episode Intake Date	The date of the intake decision.	NA	NA	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
113	Detention Episode Intake Time	The time of the intake decision.	NA	NA	B
114	Detention Episode Admission Reason Code	A code that identifies the reason decision (e.g. threat to community safety, contract admission, district court warrant, etc.).	NA	NA	B
115	Detention Episode Admission Reason Date	The date of the admission reason decision.	NA	NA	B
116	Detention Episode Admission Reason Time	The time of the admission reason decision.	NA	NA	B
117	Detention Episode Primary Charge Code	A code that identifies the charge (e.g. residential burglary, Assault-1, malicious mischief-1, etc.)	NA	NA	B
119	Detention Episode Release Reason Code	A code that identifies why a juvenile was released from detention. (E.g. Court order, case dismissed, released on bail, etc.)	NA	NA	B
120	Detention Episode Release Date	The date of the release from the facility.	NA	NA	B
121	Detention Episode Release Time	The time of the release from the facility.	NA	NA	B
122	Detention Episode Time Served Minutes Count	The total of the minutes served.	NA	NA	B
<b>Electronic Contact</b>		Electronic Contact provides a record of electronic contact methods and locations for a person, official, or organization.	B	B	B
125	Electronic Contact Type Code	A code that identifies the electronic contact type (e.g. email, webpage, etc.).	F	F	F
126	Electronic Contact Address Text	The electronic contact address.	B	B	B
127	Electronic Contact Begin Date	The start (effective) date for the electronic contact.	F	F	F
128	Electronic Contact End Date	The end (effective) date for the electronic contact.	F	F	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
<b>Failure To Appear</b>		Failure To Appear (FTA) provides a record for each failure to appear, pay, or respond.	NA	B	NA
132	FTA Order Date	The date on which the FTA was ordered by the court.	NA	B	NA
243	FTA Cancel Date	The date the FTA was canceled by the court.	NA	B	NA
133	FTA Issuance Date	The date on which the FTA was issued to Department of Licensing.	NA	B	NA
134	FTA Adjudication Date	The date the FTA was adjudicated by the court, for notification to the Department of Licensing.	NA	B	NA
244	FTA Adjudication or Cancellation Reason Code	A code which specifies the reason the FTA was adjudicated or cancelled. (E.g. paid, court appearance scheduled, dismissed, issued in error, etc.)	NA	B	NA
318	FTA Type Code	Fail to Pay, Fail to Comply, Fail to Appear, and Fail to Respond.	NA	B	NA
<b>Official</b>		Provides a record for each official related to the life cycle of a court case or juvenile referral.	B	B	B
136	Official Complete Name	The complete name of an official which includes first, middle, last, and any prefix/suffix for a name which is contained within one line of text. This field is only for use when parsed fields for an official are not available.	B	B	B
356	Official First Name	The first name of an official.	B	B	B
357	Official Last Name	The last name of an official.	B	B	B
358	Official Middle Name	The middle name of an official.	B	B	B
359	Official Name Suffix	The official's name Suffix (e.g. Jr., Sr., III, IV, Esq.)			
138	Official Title	The title for the official when applicable. (E.g. Commissioner, Pro Tem, Trooper, Officer, Detective, etc.)	B	B	NA
139	Official Type Code	A code which specifies the type of official (e.g. judicial officer, law/WAC enforcement officer, attorney, certified professional, etc.).	B	B	B
140	Official Sub-type Code	A code which further qualifies the official type (e.g. judge, pro tem, commissioner, guardian, interpreter, etc.).	B	B	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
141	Official Status Code	The status of the official (e.g. active, inactive, etc.).	B	B	B
142	Official Begin Date	The start (effective) date for the official.	B	B	B
143	Official End Date	The end (effective) date for the official.	B	B	B
304	WA State Bar Association Number	A number assigned by the Washington State Bar Association associated with a specific member of the Bar Association	B	B	B
363	Assigned Official Number	Identifying number assigned to law enforcement officers (badge numbers), Guardian ad litem and Interpreters (license numbers issued by State agencies).	B	B	F
<b>Organization</b>		Provides a record for each organization (e.g. Court, LEA, School District, etc.) that is used in other records provided.	B	B	B
145	Organization Name	The organization name.	B	B	B
146	Organization Type Code	A codes that identifies the type of organization (e.g. court, law enforcement agency, jurisdiction, schools, or school districts.)	B	B	B
147	Organization Sub-type Code	A code that identifies the sub-type within the type (e.g. Superior, District, Municipal, etc.).	B	B	B
148	Organization Status Code	The status of the organization when applicable (e.g. active, disbanded, etc.).	B	B	B
149	Organization Begin Date	The organization begin (effective) date.	B	B	B
150	Organization End Date	The organization end (effective) date.	B	B	B
<b>Participant</b>		Participant provides a record of each person, organization and official related to a case.	B	B	B
154	Participant Type Code	A code for a person on the case/referral (e.g. defendant, petitioner, etc.).	B	B	B
155	Participant Status Code	The status of the participant on the case. Currently collected by District/Municipal Courts.	F	B	NA
156	Participant Begin Date	The participant begin effective date.	B	B	B
157	Participant End Date	The participant end effective date.	B	B	B
158	Participant Security Code	A code that identifies the security status for the participant (e.g. open, confidential, etc.).	F	F	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
379	Collections Status	A status indicator for a case balance that identifies collections action.	B	B	F
380	Collections Begin Date	The collection status begin effective date.	B	B	F
381	Collections End Date	The collection status end effective date.	B	B	F
<b>Participant Association</b>		Participant Association provides link between participants on a case, when applicable. (e.g. Defendant and attorney, case-based family relationships)	B	B	B
160	Participant Association Type Code	A code which specifies the type of association between one or more parties (e.g. Financial, Guardianship, Legal Representation, Case Based Relationships)	B	B	B
163	Participant Association Role Code	A code that identifies the role of the participant in the participant association (e.g. spouse, child, parent, etc.).	B	B	B
164	Participant Association Begin Date	The date the participant association begins.	F	F	B
165	Participant Association End Date	The date the participant association ends.	F	F	B
<b>Person</b>		Information for an individual that is a participant on a case/referral or person that is associated to a participant on a case. This includes humans and businesses (e.g. corporations, partnerships, collection agencies, etc.).	B	B	B
248	Person Classification Code	A code that identifies the type of person, (e.g. well-identified, non-well identified, etc.)	B	B	B
305	Complete Name	The complete name of a person which includes first, middle, last, and any prefix/suffix for a name which is contained within one line of text. May also include a single name line such as a business name. This field is only for use when parsed fields	B	B	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
		for an individual is not available, or it is for use for business names.			
167	Person First Name	The person's first name.	B	B	B
168	Person Last Name	The person's last name.	B	B	B
169	Person Middle Name	The person's middle name.	B	B	B
306	Person Name Prefix	The person's name Prefix and/or Title. (E.g. Mr. Mrs. Dr.)	F	F	F
307	Person Name Suffix	The person's name Suffix (e.g. Jr., Sr., III, IV, Esq.)	B	B	B
170	Person Birth Date	The person's date of birth.	B	B	B
171	Person Death Date	The person's date of death.	B	B	B
249	Date of Death Source Code	A code that identifies the document or other source used to enter a date of death for a person.	B	F	F
172	Person Gender Code	A code that identifies the person's gender.	B	B	B
173	Person Race Code	A code that identifies the person's race (e.g. Asian, Caucasian, Multiple, Refused, etc.). Each person can be identified with more than one race code.	B	B	B
174	Person Ethnicity Code	The code of that identifies the person's ethnicity (e.g. Hispanic, Not Hispanic, Refused, and Unknown).	B	B	B
175	Person Criminal Identification Number	The identification provided by Washington State Patrol.	B	B	B
176	Person Driver License Number	The driver license number. More than one Driver License number may be associated with the same Person.	B	B	B
177	Person Driver License State Code	A code for the state code that issued the driver's license. If a Person has more than one Driver License (DL) number, a separate State code will be needed for each DL number.	B	B	B
178	Person Driver License Expire Date	The Driver License expiration date. If a Person has more than one Driver License (DL) number, a separate expiration date will be needed for each DL number.	B	B	B
179	Person Department Of Corrections Number	The identification number issued by the WA State Department of Corrections.	B	B	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
180	Person Juvenile Number	The identification number issued to juveniles by Washington State.	B	B	B
181	Person FBI Number	The identification number issued by the Federal Bureau of investigation.	B	B	B
182	Person Height	The person's height in inches.	B	B	B
183	Person Weight	The person's weight in pounds.	B	B	B
184	Person Eye Color Code	A code which specifies the person's eye color.	B	B	B
185	Person Hair Color Code	A code which specifies the person's hair color.	B	B	B
186	Person Physical Description	A textual description of the person including identifying characteristics, scars, marks, and tattoos.	B	B	B
187	Person Language Code	The standard code that identifies the person's primary language when interpretation is needed.	B	B	B
<b>Person Association</b>		Person Association provide a linkage of one person record to another. These associations can be other records: True name, alias, also known as, doing business as, etc.	B	B	B
189	Person Association Type Code	A code which specifies the type of association between one or more parties (e.g. Other Name, Person Relationship, etc.).	B	B	B
191	Person Association Role Code	A code for the role of the person in the relationship (e.g. true name, also known as, now known as, parent, child, etc.).	B	B	B
192	Person Association Begin Date	The person association begin (effective) date.	B	B	B
193	Person Association End Date	The person association end (effective) date.	B	B	B
<b>Person Flag</b>		A flag, notification, or other important data regarding the person (or business) that supports public safety or judicial decision-making.	F	F	B
260	Person Flag Type Code	A code that identifies the type of flag. This includes items such as ADA (American w/Disability Act), AAL (Military); Legally Free Minor; ICWA (Indian Child Welfare Act); NCK (Nickname); USN (Uses Siblings Name), etc.	B	B	B
261	Person Flag Begin Date	The person flag begin effective date.	F	F	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
262	Person Flag End Date	The person flag end effective date	F	F	B
<b>Phone</b>		Phone provides a record of phone number contacts for a person, organization, or official.	B	B	B
195	Phone Type Code	A code that identifies the phone number type (e.g. home, cellular, etc.).	B	B	B
196	Phone Number	The phone number.	B	B	B
197	Phone Begin Date	The phone number begin (effective) date.	B	B	B
198	Phone End Date	The phone end (effective) date.	B	B	B
<b>Proceeding</b>		Documents a hearing for a case.	B	B	NA
364	Proceeding Schedule Type Code	A code that identifies the type of proceeding scheduled for a date (e.g. Arraignment, Pretrial, Sentencing, Jury Trial, etc.).	B	B	NA
202	Proceeding Schedule Date	The scheduled hearing date.	B	B	NA
203	Proceeding Schedule Time	The scheduled hearing time.	B	B	NA
207	Proceeding Schedule Status Code	A code that identifies the status (e.g. not held, canceled, continued, etc.).	B	B	NA
209	Proceeding Schedule Status Reason Code	A code that further qualifies the proceeding status when applicable (e.g. motion of the court, motion of the defense, stipulated, judicial conflict, etc.).	B	B	NA
201	Proceeding Actual Type Code	A code that identifies the type of proceeding held (e.g. Arraignment, Pretrial, Sentencing, Jury Trial, etc.).	B	B	NA
205	Proceeding Actual Date	The actual “Held” date of the hearing.	B	B	NA
308	Proceeding Actual Time	The actual “Held” time of the hearing.	B	B	NA
<b>Process/Transaction Control Number</b>		A Process Control Number (PCN) or Transaction Control Number (TCN) is a number assigned by the Washington State Patrol (WSP) for each fingerprint record.  A participant record may have multiple PCN and/or TCN numbers within a case.	B	B	F
212	Process/Transaction Control Number	The Process/Transaction control number (PCN/TCN) assigned by the Washington State Patrol.	B	B	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
213	Process/Transaction Control Number Date	The date a person is involved in a reportable fingerprinting event (i.e., an arrest, jail booking, conviction or jail commitment) and the PCN/TCN was assigned.	B	B	F
<b>Court Docket</b>		Includes all data stored through docket codes and free-form text which represent the details within the life cycle of a case.	B	B	NA
319	Docket Code	A code representing an action, decision or event during the life cycle of a case. [e.g. (CDSOP) “CD Record of Proceedings”, (JDV) “Judgment of Verdict”.]	B	B	NA
384	Docket Sequence Number	A number indicating the sequence of the docket code entered in the CMS amongst all docket codes for the case.	B	B	NA
320	Docket Text	Written text that contains data documenting an action, decision or event during the life cycle of a case. (e.g. “Return of Service filed by Petitioner”, “Defense attorney called to confirm hearing,” etc.)	B	B	NA
321	Docket Date	The date the docket code/text applies.	B	B	NA
<b>Protection &amp; No Contact Orders</b>		This data refers to the details contained within the documents. It does not store document images.	B	B	NA
327	Order Type Code	The code which specifies the details of the order and case type (civil vs criminal) E.g. Temporary Anti-Harassment Order, Sexual Assault Protection Order, Harassment No Contact Order, etc.	B	B	NA
329	Order File Date	The date the order is filed.	B	B	NA
330	Order Status Code	A code that identifies the current state of the order. (e.g., active, denied, expired, etc.)	B	B	NA
331	Order Decision Date	The date the court official made the decision on the order.	B	B	NA
332	Order Decision Time	The time the court official made the decision on the order.	B	B	NA
333	Order Expired Date	The date the order expires.	B	B	NA
334	Order Termination Date	The date an order is terminated based on a decision from the court.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
335	Order Security Status Code	Security status (e.g. sealed, open, etc.) for orders. Status of the order is independent from the security status of the case.	F	F	NA
336	Order Denial Reason Code	The reason for which the decision was made on the order. (E.g. Failure to Appear for Full Hearing, No Grounds, No Proof of Service, etc.).	B	B	NA
337	Order Participant Decision Code	A code that specifies the role of the participant (e.g. protected, restrained, denied) on the order.	B	B	NA
<b>Judgments</b>		This includes all monetary and property amounts awarded by the court according to a judicial decision made on a case.	B	B	NA
382	Judgment Number	Number designated by the court to identify the amounts associated to the specific judgment.	B	B	NA
383	Judgment Security Status Code	Security status of the judgment (e.g., sealed, open, etc.).	B	B	NA
341	Judgment Type Code	The type of judgment (e.g. Agreed Judgment, Foreign Judgment, and Judgment on Pleadings, Abstract of Judgment, Criminal, Tax Warrant, etc.)	B	B	NA
342	Judgment Amount	The monetary amount(s) listed on a judgment.	B	B	NA
343	Judgment Amount Type Code	The code that identifies the type(s) of amount(s) on the document. (E.g. Total, Principal, Attorneys Fees, Service Fees, Interest, etc.)	B	B	NA
353	Judgment Docket Description	Text description of details associated with a judgment.	B	NA	NA
344	Judgment Participant Decision Code	The role of the participants involved with the decision of the judgment entered by the court (e.g. Debtor, Creditor, For, Against, etc.)	B	B	NA
345	Judgment File Date	The date a judgment is filed with the court.	B	B	NA
346	Judgment Status Code	The status of the judgment (e.g. Dismissed, Exonerated, Fully Satisfied, etc.)	B	B	NA
347	Judgment Status Date	The date for the status of the judgment.	B	B	NA
348	Judgment Signed Date	The date the judgment is signed by a judicial officer.	B	F	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
349	Judgment Effective Date	The date a judgment becomes effective. This may be different from the date the judicial officer signs the order.	B	B	NA
<b>Warrant</b>		Document issued by the court authorizing a government official to carry out an action. (e.g. search, arrest)	B	B	NA
255	Warrant Number	Number for the warrant assigned by the LEA or court.	F	B	B
256	Warrant Security Status Code	Security status of the warrant (e.g. sealed, open, etc.).	F	F	NA
235	Warrant Type Code	A code that specifies the warrant type (e.g. Bench, Administrative, etc.).	F	B	NA
229	Warrant Order Date	The date the warrant was ordered.	B	B	NA
230	Warrant Issuance Date	The date the warrant was issued.	B	B	NA
231	Warrant Cancelled Date	The date the warrant was cancelled.	F	B	NA
232	Warrant Recalled Date	The date the warrant was recalled.	F	B	NA
233	Warrant Quashed Date	The date the warrant was quashed, when applicable.	B	B	NA
234	Warrant Return Date	The date the warrant was returned	B	B	NA
236	Warrant Service Date	The date the warrant was served.	B	B	NA
237	Warrant Expiration Date	The future date on which a warrant is scheduled to expire.	F	B	NA
238	Warrant Bail Amount	The bail amount on the warrant.	B	B	NA
257	Warrant Bail Type Code	The type of bail on the warrant (e.g. Cash Only, Cash or Bond, No Bail).	B	B	NA
239	Warrant Fee Amount	The fee amount on the warrant.	F	B	NA
258	Warrant Reason Code	A code that defines the reason that the warrant is to be issued (e.g. Failure to appear, failure to comply, search, etc.) A warrant may have more than one reason associated with it.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
<b>Identifiers</b>		A system generated set of values (alpha and/or numeric characters) assigned to a given data element. It identifies a given record uniquely (a Key) within the Data producer's application. This "Key" could be used to retrieve or update the record.			
<b>Accounting Summary</b>		Accounting Summary provides the total debit and credit amounts for a given court and jurisdiction and calendar month.			
374	Transaction Identifier	CMS system-generated unique identifier for the transaction. The transaction identifier is assigned by the originating court and is used to uniquely identify each debit, credit or begin balance transaction.			
<b>Accounting Detail</b>		Accounting Detail provides the most granular level of financial information from the courts. It contains the information for accounts receivable, adjustments, receipts, distributions, and other transactions for all case and non-case related accounting. Local details, such as non-participant "payee" data is not needed for statewide sharing and will not be captured here.	B	B	NA
9	Transaction Identifier	CMS system-generated unique identifier for the transaction. The transaction identifier is assigned by the originating court and is used to uniquely identify the transaction.	B	B	NA
10	Case Identifier	CMS system-generated unique case identifier. Multiple Case Identifiers can be associated with one Transaction Identifier.	B	B	B
11	Participant Identifier	The CMS system-generated unique identifier for the participant on the case for which the transaction applies. If the transaction is not associated with a person, then this can be blank. Multiple Participant Identifiers can be associated with one Transaction Identifier.	B	B	B
<b>Account Balance</b>		Account balance is the current total owed by a case participant on a case.	B	B	F

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
378	Participant Identifier	The CMS system-generated unique identifier for the case participant for whom the balance applies.	B	B	F
<b>Address</b>		Address provides information on a location or contact for a person, official, or organization.	B	B	B
21	Person Identifier	The CMS system-generated identifier for the person, official or organization for which the address applies.	B	B	B
<b>Case Association</b>		A case association is the relationship of one case/referral linked to another case/referral. For example, CLJ case and the associated superior court case upon appeal, A probable cause hearing/case and the legal case, consolidated cases, a juvenile referral and the associated superior court case, superior court case and the Appellate court appeal, etc.	B	F	B
34	Case Association Identifier	A CMS system-generated unique identifier provided by the data originator for identifying all related cases. Each case in the association will have the same identifier value.	B	B	B
35	Case Identifier	CMS system-generated unique case identifier.	B	B	B
<b>Case</b>		A case is the primary business item that is used to manage and track status for issues filed in a court. <i>NOTE:</i> All elements in this section also capture the details of juvenile referrals.	B	B	B
38	Case Identifier	CMS system-generated unique case/referral identifier.	B	B	B
<b>Case Status</b>		Case status provides information on the different stages of a case through its lifecycle (e.g. resolution, completion, closure, etc.).	B	B	B
46	Case Identifier	CMS system-generated unique case identifier.	B	B	B
<b>Case Flag</b>		A flag, notification, or other important data regarding the case that supports public safety or judicial decision.	B	B	B
263	Case Identifier	CMS system-generated unique case identifier.	B	B	B
<b>Charge</b>		An allegation as to a violation of law.	B	B	B

## Appendix A – Shared Data Elements

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
50	Participant Identifier	The CMS system-generated unique identifier for the case participant for which the charge applies.	B	B	B
51	Case Identifier	CMS system-generated unique case identifier.	B	B	B
53	Charge Document Identifier	A unique, system-generated identifier for the document from which the charges are listed.	B	B	NA
72	Charge Sentence Judicial Official Identifier	The CMS system-generated identifier of the judicial officer who made the sentencing.	B	B	NA
309	Charge Finding Judicial Officer Identifier	The judicial officer who presided over the finding/judgment.	B	B	NA
375	Count Sequence Number	A number assigned to each charge count to record the sequential order in which the charge was amended.	B	B	B
<b>Citation</b>		A document issued to a Person (or business) that contains the alleged violation of law. <b>NOTE:</b> Many elements of a Citation are captured in the Case and Charge sections. Elements unique to citation are listed in this section.	NA	B	NA
390	Citation Identifier	CMS system-generated unique citation identifier.			
75	Case Identifier	CMS system-generated unique case identifier.	NA	B	NA
<b>Condition</b>		Stipulation, requirement, or sentence details listed within an order or judicial decision that must be satisfied to resolve the issues on a case.	B	B	B
89	Condition Identifier	A CMS System-generated identifier for the condition provided by the court.	NA	B	NA
90	Condition Document Identifier	A unique, system-generated identifier for the document from which the conditions are listed.	NA	B	NA
91	Case Identifier	CMS system-generated unique case identifier.	B	B	B
92	Participant Identifier	The CMS system-generated unique identifier for the case participant for whom the condition applies.	B	B	B
93	Official Identifier	CMS system-generated identifier of an official.	B	B	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
	Condition Charge Identifier	<i>This is the unique combination of the ChargeDocumentKey + ChargeCountNumber + CountSequenceNumber. It will link a specific Condition to a specific Charge.</i>	B	B	B
360	Charge Document Key	The source system key of the Charge's parent document.	B	B	B
368	Charge Count Number	A sequentially assigned number, starting at one for each charge count. For Superior Courts, the sequence of numbers starts over with one as each new charging document is filed	B	B	B
376	Count Sequence Number	A number assigned to each charge count to record the sequential order in which the charge was amended.	B	B	B
<b>Detention Episode Population</b>		Detention population tracks the status of a juvenile for each day they are considered part of a facility's population. There is one record for each episode per juvenile per day.	NA	NA	B
103	Case Identifier	CMS system-generated unique case identifier.	NA	NA	B
104	Person Identifier	The statewide identifier for the person for which the episode applies.	NA	NA	B
<b>Detention Episode Summary</b>		The Summary contains information for a juvenile who is placed in detention facility. There is one record for each episode as measured from intake to release.	NA	NA	B
109	Case Identifier	CMS system-generated unique case identifier.	NA	NA	B
110	Participant Identifier	The CMS system-generated identifier for the juvenile detainee for which the episode applies.	NA	NA	B
<b>Electronic Contact</b>		Electronic Contact provides a record of electronic contact methods and locations for a person, official, or organization.	F	F	F
123	Electronic Contact Identifier	CMS system-generated Unique identifier for the Electronic Contact as provided by the court.	B	B	B
124	Person Identifier	The CMS system-generated identifier for the person, official or organization for which the electronic contact applies.	B	B	B
<b>Failure To Appear</b>		Failure To Appear (FTA) provides a record for each failure to appear, pay, or respond.	NA	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
129	FTA Identifier	CMS system-generated Unique identifier for the FTA as provided by the court.	NA	B	NA
130	Case Identifier	CMS system-generated unique case identifier.	NA	B	NA
131	Participant Identifier	The CMS system-generated unique identifier for the case participant for whom the FTA applies.	NA	B	NA
<b>Official</b>		Provides a record for each official that is used in other records provided, such as a Judge, Attorney or Law Enforcement Officer.	B	B	B
135	Official Identifier	CMS system-generated identifier of an official.	B	B	B
137	Organization Identifier	The unique identifier for the organization to which the official belongs (e.g. court, LEA, etc.).	B	B	B
<b>Organization</b>		Provides a record for each organization (e.g. Court, LEA, School District, etc.) that is used in other records provided.	B	B	B
144	Organization Identifier	A CMS System-generated unique identifier for the organization.	B	B	B
<b>Participant</b>		Participant provides a record of each person, organization and official related to a case.	B	B	B
151	Participant Identifier	The CMS system-generated unique identifier for the case participant for which the charge applies.	B	B	B
152	Case Identifier	CMS system-generated unique case identifier.	B	B	B
153	Person Identifier	The CMS system-generated identifier for the person for which the participant applies.	B	B	B
<b>Participant Association</b>		Participant Association provides link between participants on a case, when applicable. (e.g. Defendant and attorney, case-based family relationships)	B	B	B
159	Participant Association Identifier	A CMS system-generated identifier in each record used to associate participants.	B	B	B
161	Case Identifier	CMS system-generated unique case identifier.	B	B	B
162	Participant Identifier	The CMS system-generated unique identifier for the participant on a case. A minimum of two Identifiers is required in order to create an association.	B	B	B
<b>Person</b>		Information for an individual for a person that is a participant on a case or person that is associated to a person on a case. This	B	B	B

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
		includes humans and businesses (e.g. corporations, partnerships, collection agencies, etc.).			
166	Person Identifier	The CMS system-generated identifier for the person.	B	B	B
<b>Person Association</b>		Person Association provide a linkage of one person record to another. These associations can be other records: True name, alias, also known as, doing business as, etc.	B	B	B
188	Person Association Identifier	A CMS system-generated identifier in each record used to associate persons.	B	B	B
190	Person Identifier	The CMS system-generated identifier for the person(s) for whom the person association applies. A minimum of two Identifiers is required in order to create an association.	B	B	B
<b>Person Flag</b>		A flag, notification, or other important data regarding the person (or business) that supports public safety or judicial decision-making.	F	F	B
259	Person Identifier	CMS system-generated unique person identifier.	B	B	B
<b>Phone</b>		Phone provides a record of phone number contacts for a person, organization, or official.	B	B	B
194	Person Identifier	The CMS system-generated identifier for the person, official or organization for which the address applies.	B	B	B
<b>Proceeding</b>		Documents a hearing for a case.	B	B	NA
199	Proceeding Identifier	A CMS system-generated unique identifier provided by the court for the proceeding.	B	B	NA
200	Case Identifier	CMS system-generated unique case identifier.	B	B	NA
204	Proceeding Schedule Official Identifier	The CMS system-generated identifier of the official scheduled to hear the proceeding.	B	B	NA
206	Proceeding Actual Official Identifier	The CMS system-generated identifier for the official that heard the proceeding.	B	B	NA
<b>Process/Transaction Control Number</b>		Process/Transaction Control Number (PCN) is a number assigned by Washington State Patrol (WSP) for each fingerprint record.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
		A participant record may have multiple PCN and/or TCN numbers within a case.			
211	Participant Identifier	The CMS system-generated identifier for the participant for whom the PCN or TCN applies.	B	B	NA
<b>Court Docket</b>		Includes all data stored through docket codes and free-form text which represent the details within the life cycle of a case.	B	B	NA
322	Case Identifier	CMS system-generated unique case identifier.	B	B	NA
355	Docket Identifier	The CMS system-generated identifier for each docket entry.	B	B	NA
<b>Protection &amp; No Contact Orders</b>		This data refers to the details contained within the documents. It does not store document images.	B	B	NA
323	Order (Document) Identifier	A CMS system-generated unique identifier for the order assigned by the court.	NA	NA	NA
324	Case Identifier	CMS system-generated unique case identifier.	B	B	NA
325	Participant(s) Identifier	The CMS system-generated identifier for each participant for whom the Protection Order applies.	B	B	NA
326	Decision Official Identifier	The CMS system-generated identifier of the judicial officer who ruled on the order.	B	B	NA
<b>Judgments</b>		This includes all monetary and property amounts awarded by the court according to a judicial decision made on a case.	B	B	NA
338	Case Identifier	CMS system-generated unique case identifier.	B	B	NA
339	Participant(s) Identifier(s)	The CMS system-generated unique identifier for the participant(s) on the case for which the judgment applies.	F	B	NA
340	Official Identifier	The judicial officer who signed the judgment.	B	B	NA
354	Judgment Document Identifier	A CMS system-generated unique identifier for the judgment order assigned by the court.	NA	NA	NA
<b>Warrant</b>		Document issued by the court authorizing a government official to carry out an action. (e.g. search, arrest)	B	B	NA
254	Warrant Identifier	CMS system-generated unique warrant identifier.	B	B	NA

**Appendix A – Shared Data Elements**

Shared Data/ Element Number	JIS Standard Data Element Name	Definition	Standards Requirement		
			Sup	CLJ	Juv
227	Case Identifier	CMS system-generated unique case identifier.	B	B	NA
228	Participant Identifier	The CMS system-generated identifier for the participant for which the warrant applies.	B	B	NA

JIS Data Standards for Alternative Electronic Court Record Systems  
**Appendix B - Deleted Data Elements**

The table below details data elements that have been removed from previous versions of the standard for any reason. The following is a description of each column:

**Shared Data** – The Name of the Shared Data group for the deleted data element. This name can be used to cross reference back to subsection B.1 In the “Shared Data” cell. This provides a business name for the group of data elements to be shared.

**Element Number** – A sequential Number assigned to each individual data element.

**Element Name** – The business related name for the shared data element.

**Definition** – The definition for either the Share Data group or the Data Element.

**Reason Removed** – The rationale for removing the deleted data element from the standard.

Shared Data/ Element Number	Element Name	Definition	Reason Removed
Accounting Summary		Accounting Summary provides the total debit and credit amounts for a given court and jurisdiction and calendar month.	
3	Case Classification Code	Standard statewide code that identifies the case classification as defined as a combination of court level, category (criminal, civil, sexual assault protection, etc.), case type, and cause code	Case detail data is not needed in the Acct Summary, as it is meant to capture the total debits and credits of an entire court.
310	Remit Group Sub Account	Revenue paid to a court that must be remitted to state or local government entities. Examples: Current Expense (Local City or County Funds), Crime Victims Fund, Law Library Fund, State General Fund, School Zone Safety Account, Prostitution Prevention and Intervention Account). These remit group accounts are associated to BARS (Budgeting Accounting and Reporting System) account numbers.	This data will be stored through Accounting Detail and is not needed for Accounting Summary.
311	Remit Group Type	Category identifying whether remitted revenue sub-account is Local or State monies	This data will be stored through Accounting Detail and is not needed for Accounting Summary
Accounting Detail		Accounting Detail provides the most granular level of financial information. It contains the information for accounts	

JIS Data Standards for Alternative Electronic Court Record Systems  
**Appendix B - Deleted Data Elements**

Shared Data/ Element Number	Element Name	Definition	Reason Removed
		receivable, adjustments, receipts, distributions, and other transactions case and non-case related accounting. Local details, such as non-participant "payee" data, is not needed for statewide sharing and will not be captured here.	
12	Case Classification Code	Standard statewide code that identifies the case classification as defined as a combination of court level, category (criminal, civil, sexual assault protection, etc.), case type, and cause code	Case detail data is not needed in the Acct Case detail section because the case details can be accessed through the Case Identifier element (#9).
313	BARS Account Effective Date	The date on which a BARS account is valid.	This data will be maintained by the AOC through a data validation process and does not need to be sent by the court.
316	Cost Fee Code Effective Date	The date on which a Cost Fee Code is valid.	This data will be maintained by the AOC through a data validation process and does not need to be sent by the court.
<b>Charge</b>		An allegation as to a violation of law.	
52	Charge Identifier	A CMS system-generated identifier for the charge provided by the court.	This element is no longer needed with the new EDR simplification model. Amended charges are tracked with elements #350 and #351.
58	Charge Primary Standard Law Number	Statewide equivalent (if any) for the charge primary local law number.	This data will be collected as reference data.
242	Amending Charge Identifier	The Charge identifier for any charges that are amended during the lifecycle of the case. If the charge is an original charge on the case, then this field is blank.	This element is no longer needed with the new EDR simplification

**Appendix B - Deleted Data Elements**

Shared Data/ Element Number	Element Name	Definition	Reason Removed
			model. Amended charges are tracked with elements #350 and #351.
<b>Citation</b>		A document issued to a Person (or business) that contains the alleged violation of law.	
76	Citation Date	<del>The date the citation was issued.</del>	<del>Local data only. Not useful statewide.</del>  <b>REINSTATED 10/07/2020</b> , since needed for electronic dispositions.
77	Origination Agency Code	<del>A code assigned to designate the "originating agency," developed by the National Crime Information Center (NCIC)*. This identifies the agency that originated the citation/criminal complaint. The ORI (Originating Agency) number for an LEA (Law Enforcement Agency) or court is listed on the Official/Organization (OFO) screen in the <b>ORG-DOL CODE</b> field.</del>  The Washington State Patrol (WSP) maintains a current list of ORI numbers online at <a href="http://www.wsp.wa.gov/secured/access/mamaterials.htm">http://www.wsp.wa.gov/secured/access/mamaterials.htm</a> on the ACCESS Manuals & Documents page.	<del>This data will be linked to the Court Code standard reference data. It can be maintained by the AOC without the courts having to send it.</del>  <b>REINSTATED 9/02/2020</b> , since source submission proved necessary after all. The info is crucial for criminal justice partners (WSP & WDFW).
81	Citation Speed Zone Count	A number that specifies the speed limit at the location of the citation.	Local data only. JIS uses to determine primary law number related to charge, but this is CMS specific.
82	Citation Vehicle Speed Count	A number that specifies the vehicle speed as written on the citation	Local data only. JIS uses to determine primary law number related to charge, but this is CMS specific.

**Appendix B - Deleted Data Elements**

Shared Data/ Element Number	Element Name	Definition	Reason Removed
<b>Case Participant Flag</b>		A flag, notification, or other important data regarding the case participant that supports public safety or judicial decision. This includes items such as: HD1 (e.g. Electronic Home Monitoring/Detention Non-Tech Violation), HD2 (e.g. Electronic Home Monitoring/Detention Tech Violation).	These flags were moved to the Person level so the information is not limited to one case.
267	Case Participant Identifier	CMS system-generated unique participant identifier.	See note above.
268	Case Participant Flag Type Code	A code that identifies the type of flag.	See note above.
269	Case Participant Flag Begin Date	The case participant flag begin effective date.	See note above.
270	Case Participant Flag End Date	The case participant flag end effective date	See note above.
<b>Detention Episode Summary</b>		The Summary contains information for a juvenile who is placed in detention facility. There is one record for each episode as measured from intake to release.	
<b>118</b>	Detention Episode Primary Charge Severity Code	A code that identifies the severity decision (e.g. A, B, C, etc.)	Duplicative. This information is stored as Element #74: Charge Juvenile Disposition Offense Category Code.
<b>Official</b>		Provides a record for each official that is used in other records provided, such as a Judge, Attorney or Law Enforcement Officer.	
245	Official Classification Code	A code that identifies the type of official (e.g. judge, attorney, law enforcement, etc.)	Reinstated elements #139 & #140 for new EDR model

JIS Data Standards for Alternative Electronic Court Record Systems  
**Appendix B - Deleted Data Elements**

Shared Data/ Element Number	Element Name	Definition	Reason Removed
<b>Process/Transaction Control Number</b>		A Process Control Number (PCN) or Transaction Control Number (TCN) is a number assigned by the Washington State Patrol (WSP) for each fingerprint record.  A participant record may have multiple PCN and/or TCN numbers within a case.	
210	Case Identifier	CMS system-generated unique case identifier.	Redundant
<b>Protection &amp; No Contact Orders</b>		The data refers to the details contained within the documents. It does not store document images.	
328	Order Sub type	The detailed order type (e.g. Temporary Anti-Harassment, Full Sexual Assault, Vulnerable Adult, etc.)	The need for both a Type and Sub-type code was unnecessary so the 2 were combined into one element (#327)
<b>Organization</b>		Organization provides a record for each organization that is used in other records provided	
246	Organization Classification Code	A codes that identifies the type of organization (e.g. court, law enforcement agency, jurisdiction)	Reinstated elements #146 & #147 for new EDR model
<b>Participant</b>		Participant provides a record of each person, organization and official related to a case.	
247	Participant Classification Code	A code for the role of the person participant on the case (e.g. defendant, petitioner, etc.).	Reinstated element #154 for new EDR model
<b>Proceeding</b>		Documents a hearing for a case	
208	Proceeding Status Code	A code that identifies the status (scheduled, held, etc.).	Not needed, as all reportable statuses captured in other proceeding elements.

JIS Data Standards for Alternative Electronic Court Record Systems  
**Appendix B - Deleted Data Elements**

Shared Data/ Element Number	Element Name	Definition	Reason Removed
<b>Significant Document Index Information</b>		Significant documents will include all documents in which information needs to be shared outside of a court. These, in general are document that provide original filings, decisions, etc. Examples would be criminal complaints, petitions, orders, stipulations or other agreements. This includes, but is not limited to...	The entire Sig Doc section was deleted and broken down into Court Docket, Protection & No Contact Orders and Judgment sections.
214	Case Identifier	CMS system-generated unique case identifier.	See above.
215	Document Identifier	A CMS system-generated unique identifier assigned by the court.	See above.
216	Document Classification Code	The document type and sub type (judgment and sentence, order, hearing, civil complaint, review hearing etc.). This is also used to store a domestic violence order, anti-harassment subtype.	See above.
250	Document Classification Text	Docket text and other entries that contain data needed by courts statewide.	See above.
217	Document File Date	The date the document is filed.	See above.
218	Document Decision Code	A code that identifies the type of decision when applicable. (e.g., committed, not guilty, guilty, dismissal, granted, denied, etc.).	See above.
219	Document Decision Date	The document decision date.	See above.
251	Document Decision Time	The document decision time.	See above.
220	Document Expiration Date	The document expiration date.	See above.

JIS Data Standards for Alternative Electronic Court Record Systems  
**Appendix B - Deleted Data Elements**

Shared Data/ Element Number	Element Name	Definition	Reason Removed
221	Document Termination Date	The document decision termination date (used for domestic violence or other applicable orders).	See above.
222	Document Authorizing Official Identifier	The CMS system-generated identifier of the official that authorized the document.	See above.
252	Document Security Status Code	Security status (sealed, open, etc.) for documents such as Name Change Orders, Protection Orders, documents involving minors, etc.	See above.
253	Document Decision Reason Code	The reason for which the decision was made on the document. For example, a protection order is denied for failure to appear, or no cause.	See above.
<b>Significant Document Party</b>		Significant Document Party provides a record that provides additional information related to the parties for which a document applies. This is used for protection orders to identify the protected and restrained persons. It can also be used to record information for other documents when applicable.	The entire Sig Doc Party section was deleted and broken down into Court Docket, Protection & No Contact Orders and Judgment sections.
223	Case Identifier	CMS system-generated unique case identifier.	See above.
224	Document Identifier	A CMS system-generated unique identifier assigned by the court.	See above.
225	Document Participant Identifier	The CMS system-generated identifier for the person for whom the document applies. (This is the same identifier as the Participant Identifier.)	See above.
226	Document Participant Decision Code	A code that specifies the role of the participant (protects, restrains, etc.)	See above.
