Dear Members of the court,

I urge you to adopt proposed CrR 4.11. It would allow accurate recording of witness interviews by tape, digital device, or court reporter. This rule is necessary to enshrine the truth finding function of trials by allowing the finder of fact to determine precisely what a witness has said on prior occasions. This rule will not violate anyone's rights and will expedite the actual interviews by eliminating the many pauses and stops that now occur when a note taker needs to catch up. The rule benefits everyone.

Regards,
