Subject: Washington Supreme Court proposed court rule CrR 4.11 allowing recording of defense witness interviews or use of a court reporter

I'm writing in support of proposed court rule CrR 4.11; this isn't a partisan issue, it benefits all of those involved in the criminal justice system including victims and defendants. In the spirit of openness, honesty & accountability recording defense interviews will assist us in the same way as photographs & videos of crime scenes, patrol car cameras & other tools have been used to prepare a case. A small digital recorder is less intrusive than note taking or any other method of documenting interviews.

Thank you for your time & consideration of my opinion.
