**Subject:** CrR 4.11

Dear Ms. Faulk,

I am writing in support of proposed CrR 4.11, regarding recording of witness interviews. I am a criminal defense attorney in King County. I support this rule because it provides a relatively inexpensive means to obtaining an accurate record of a witness interview. In my recent experience, prosecutors have also supported recording interviews. I find that most witnesses are open to being recorded, once the process is explained to them.

Sincerely,  
Juanita Holmes
