Ms. Faulk:

I am a former three year deputy prosecutor,  
and I am a private attorney with a 59 felony a year indigent  
defense contract with Clark County.

I write to request that the Court implement  
the requirement that defense attorneys  
be allowed to record complaining witnesses  
and state witnesses.

I find it necessary to be able to defend my clients  
and to ensure accuracy of statements for plea negotiations  
and trial.

I have not yet encountered a witness who could  
not undergo the procedure.
