Subject: Propose changes to CrR 2.3 and 3.2.1

To the Supreme Court of Washington State,

I urge you to adopt the proposed changes to CrR 2.3 and 3.2.1. I see that the Honorable Dan Satterberg has written to the court explaining, in sum, how the changes would provide for the efficient, effective, and fair investigation into crimes and subsequent review of the warrant issuance in King County.

As the prosecutor in a much differently operating criminal justice system due to our small population, I to urge you to adopt the changes to CrR 2.3 and 3.2.1. We have one part-time district court judge and one Superior court judge who serves three counties. We are fortunate that they do their best to serve our community 24/7. Both of our judges have and do utilize the most recent technology and prefer communication by electronic means. Adoption of these rule changes would help our small community by allowing our justice system to best serve our citizens with monetary savings, while ensuring due process.

Thank you for your consideration of my comments.

Sincerely,

Rea
