Subject: Proposed Changes to CR 28, CR 80 and RAP 9.2

I am writing to urge the members of the Supreme Court to adopt the proposed changes to 28(c), (d) and (e) as well as the proposed amendment to CR 80(d) and Rule of Appellate Procedure 9.2(g). I am a certified court reporter and believe the changes to CR 28 are necessary to protect the consumers of our work product.

The changes to CR 80 and RAP 9.2(g) are clarification changes that will improve and clarify transcription regulations. The official record should be transcribed by the court reporter who was present to report it.

I urge the Court to adopt the amendment in CR 80 as it was *originally submitted* by CMC and to **also** adopt the proposed additional amendment submitted adding the below clarifying language:

CR 80 (d) Supplemental Stenographic Record. If the superior court elects to record a proceeding solely by means of an electronic recording device, any party may, at its own expense, engage a certified court reporter to record the proceeding stenographically. Where a proceeding has been recorded both electronically and by a certified court reporter, either form of record, or both, may be used to create the verbatim report of proceedings for appellate review under RAP 9.2.

Thank you for your time and consideration.
