Dear Washington Supreme Court:

I respectfully request that you adopt proposed CrR (CRrLJ) 3.7, 3.8, 3.9, and 4.11

All of these 4 proposed rules are clearly designed to simply increase transparency. With current technologies, none of these proposals increase cost for any involved parties to any meaningful degree. There can be no basis for objecting to these proposals outside of a desire to preserve avenues to deceive fact-finders.

Sincerely,  
Dan Plantz
