Subject: Military Spouse License Feedback

I'm writing to express my support for proposed changes to APR 3 to create a streamlined path to admission for military spouses who move to Washington in furtherance of their spouse's military duty. Washington has several large military installations, and for spouses of military personnel who transfer to those installations who are also licensed lawyers in other states, being able to practice in the state where their spouses were transferred could be the difference between a comfortable, satisfying life for that spouse and taking work that wastes their talents. I encourage the Supreme Court to adopt these proposed changes to APR 3.

Yours very truly,
William D. Richard
