Your Honors:

At this time when we as a nation are tackling issues of inequity it would be a sad step in the wrong direction to eliminate the LLLT License. Much of legal equity lies in access to affordable legal services. What is needed is to retain the LLLT License and expand practice areas to provide low-income residents and communities of color an affordable option for those legal matters that do not go to court and do not require an expensive attorney. This would be a huge step in the right direction.

Sincerely,
Lois Jones
