Greetings:

Please preserve the LLLT program in Washington State. As an attorney, I'm mindful of the value of LLLTs and the vital role they play in making legal assistance available to those who need it. Everybody benefits when members of our community have access to legal help and we in the field should be promoting rather than dismantling the program.

At the very least, please open up the topic for some sort of public review where it's benefits and costs can be discussed. I am confident that given a chance, the LLLT program would make its worth known.

Thank you very much,

Stacy Andersen
