“The elimination of the LLLT license, which was created to address access to justice across income and race, is a step backward in this critical work. It is not the time for closing the doors to justice but, instead, for opening them wider.” Low income residents and communities of color need access to good legal services. By denying them this constitutional mandate, by limiting the number of attorneys that they not only can afford but have access to we are taking away their rights as citizens’ Please rethink the veto of this LLLT Program.
