If a link sends you to a website where you are asked to validate using your Account and Password, **DO NOT DO SO!** Instead, report the incident.

What will be lost if this is implemented? There are so many physical "tells" that are missed in a video. This is not scripted TV. This is one of the most serious of all legal actions. The victims deserve better. The accused deserve better. The public deserves better than to minimize the processes and, in doing so, losing the analysis of factors not determinable via video.

Vote "no".
