I am a Professional Certified Guardian/Conservator and urge you to support the proposed amendment to GR 23 allowing a higher percentage of CPGCs to serve on the professional governing board. I believe that having more CPGCs on the board would increase the board's expertise, effectiveness and awareness of the many difficult issues facing professional guardians and conservators in Washington State. Currently, the percentage of CPGCs allowed on the board (~20%) is significantly less than nearly all other professional governing boards (~80%) in the state. There does not seem to be any legitimate reason for this disparity.

Respectfully,

Mary Fleischman, CPGC #11432'
Certified Professional Guardian/Conservator
