Good afternoon,

I am writing to request that the proposed amendment to RAP 10.10(e) be rejected. Sending discovery to convicted felons without any kind of limitation or redactions could cause considerable harm to victims and witnesses. This discovery could include autopsy photographs, depictions of minors engaged in sexually explicit activity, banking records, various means of identification, and so on. Of particular concern is the potential for inmates to circulate this information among fellow inmates.

Kyle
