I am currently a mentor to a Rule 6 law clerk. I do not think it is generally known what kind of work a mentor does while mentoring a Rule 6 law clerk. A part of every class we teach, we must go back through the law school approved casebook, spend three hours a week specifically teaching our law clerk, and at the end of the month develop a test that tests the law clerk's knowledge of the issues, rules and analysis from that month's course (i.e.: torts, evidence, civil procedure, etc.). I have both participated in chairing and speaking at CLEs, for which I have received credit because of that participation. I can genuinely say that mentoring a law clerk is far more work and engaging and more work than preparing CLE's for other attorneys. I am requesting that the rule be amended to allow attorneys who mentor clerks, to received CLE credits for the time that put into mentoring.

"I see in the near future a crisis approaching that unnerves me and causes me to tremble for the safety of my country... Corporations have been enthroned and an era of corruption in high places will follow, and the money power of the country will endeavor to prolong its reign by working upon the prejudices of the people until all wealth is aggregated in a few hands and the Republic is destroyed."

***Abraham Lincoln - Nov 21, 1864***
