Clerk of the Supreme Court,

As the Clerk of Klickitat County, I ask that the Supreme Court give careful consideration when making changes to RAP 9.6. Please review the letter submitted by the Washington State Association of County Clerks (WSACC). The WSACC letter goes into great detail the concerns associated with the proposed rule changes. There were clerks from counties of all sizes who worked to give a complete list of concerns that are procedurally and statutorily problematic on multiple levels.

The hardships as outlined by WSACC for equipment and staff time will be especially difficult for the smaller counties like Klickitat County. The other concern I have is the potential for confidential information, normally redacted on case filings but not in exhibits, to be subject to public records search.

There are so many issues that need to be considered before making a change. Thank you for your time and consideration of the concerns put forth by WSACC.
