Hello,

I am writing in opposition to the amendment CrR 3.2 and CrRLJ 3.2

As an advocate for victims of sexual assault for nearly 20 years I have observed first hand the criminal justice system revictimize survivors of gender based violence who trusted the system would help protect them.

We know most victims of sexual assault never report

This proposal does not instill trust in a system and lacks fairness for victims. Nor does it communicate any consideration for safety of survivors or even the community.

This amendment will deter victims from engaging in the criminal justice process. If this is adopted, it will send a clear message to victims their voice does not matter and participating in the criminal justice system is dangerous.

Sincerely,
Carolyn Gray
