This proposal puts Washington citizens at risk. If individuals know they can commit crimes without accountability or that they will NOT be prospected for lack of a public defender.....crime does not diminish, it increases.

Common sense and equal justice under the law must prevail for all, not be derailed due to a lack of defense attorneys. Society without accountability leads to chaos. The ridiculous assumption that paying criminals to NOT commit crimes is insanity.

The justice system was established to protect individual rights and freedoms. Any government system that disregards, abolishes or refuses to enforce the law is Un-Constitutional.

I oppose WSBA.
