Property crimes in Pierce County are already through the roof . I have been a victim of multiple property crimes these past 5 years . No, I don't call and report to my sheriff because they don't show up or care .

My solution was seven miles of Ruthless Red barbed wire with 4 point barbs every 5 inches for my farm. I see government and industrial now commercial land owners can put up 7,000 volts electric fences . But lowly private landowners have no such electric protections.

One more step to 3rd world Washington .
