I can't imagine living in a state, that does not have enough public defenders and your solution is to just not prosecute crimes? I'm outraged that our crime has run rampant, drugs are out of control, theft is out of control and your solution is to prosecute less? What's this I hear about no longer needing to take the bar exam to become a lawyer in Washington state!?!? You have absolutely lost your way. I'm very disappointed in this state, you have failed us at all levels in the justice system. You should try to positively turn things around, don't make things worse by allowing this to pass.
