As a private citizen, not in the legal field, I am appalled at the recent judicial overreach happening in our court system on both sides of the political spectrum. The only way our republic can survive is with a judicial system without political bias.

The proposed change to CrR8.3(b), in my opinion, is a blatant attempt to empower the Washington State Supreme Court with powers to which it is not entitled in order to promote a liberal agenda. Please work to keep the court neutral and able to maintain public confidence by opposing the proposed rule change to CrR8.3(b).

Thank you.
