

ELECTRONIC FILING AND SERVICE

(a) Definitions.

(1) “Electronic Filing” is the electronic transmission of information to a court or clerk for case processing.

(2) “Electronic Document” is an electronic version of information traditionally filed in paper form, except for documents filed by facsimile which are addressed in GR 17. An electronic document has the same legal effect as a paper document.

(3) “Electronic Filing Technical Standards” are those standards, not inconsistent with this rule, adopted by the Judicial Information System committee to implement electronic filing.

(4) “Electronic signature” is an electronic image of the handwritten signature or other electronic sound, symbol, or process, of an individual; attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the record, including but not limited to “/s/ [name of signatory]”.

(5) “Filer” is the person whose user ID and password are used to file an electronic document.

Comment

(b) Electronic filing authorization, exception, service, and technology equipment.

(1) The clerk may accept for filing an electronic document that complies with the Court Rules and the Electronic Filing Technical Standards.

(2) A document that is required by law to be filed in non-electronic media may not be electronically filed.

Comment

Certain documents are required by law to be filed in non-electronic media. Examples are original wills, certified records of proceedings for purposes of appeal, negotiable instruments, and documents of foreign governments under official seal.

(3) Electronic Transmission from the Court. The court or clerk may electronically transmit notices, orders, or other documents to all attorneys as authorized under local court rule, or to a party who has filed electronically or has agreed to accept electronic documents from the court, and has provided the clerk the address of the party’s electronic mailbox. It is the responsibility of all attorneys and the filing or agreeing party to maintain an electronic mailbox sufficient to receive electronic transmissions of notices, orders, and other documents.

(4) A court may adopt a local rule that mandates electronic filing by attorneys and/or electronic service of documents on attorneys for parties of record, provided that the attorneys are not additionally required to file paper copies except for those documents set forth in (b)(2). Electronic service may be made either through an electronic transmission directly from the court (where available) or by a party’s attorney. Absent such a local rule, parties may electronically serve documents on other parties of record only by agreement. The local rule shall not be inconsistent with this rule and the Electronic Filing Technical Standards, and the local rule shall permit paper filing and/or service upon a showing of good cause. Electronic filing and/or service should not serve as a barrier to access.

Comment

When adopting electronic filing requirements, courts should refrain from requiring counsel to provide duplicate paper pleadings as “working copies” for judicial officers.

(c) Time of Filing, Confirmation, and Rejection.

(1) An electronic document is filed when it is received by the clerk’s designated computer during the clerk’s business hours; otherwise the document is considered filed at the beginning of the next business day.

(2) The clerk shall issue confirmation to the filing party that an electronic document has been received.

(3) The clerk may reject a document that fails to comply with applicable electronic filing requirements. The clerk must notify the filing party of the rejection and the reason therefor.

(d) Authentication of Electronic Documents.

(1) *Procedures*

(A) A person filing an electronic document must have received a user ID and password from a government agency or a person delegated by such agency in order to use the applicable electronic filing service.

Comment

The committee encourages local clerks and courts to develop a protocol for uniform statewide single user ID’s and passwords.

(B) All electronic documents must be filed by using the user ID and password of the filer.

All electronic documents signed under penalty of perjury must conform to the oath language requirements set forth in RCW 9A.72.085 and GR 13.

(e) Filing fees, electronic filing fees.

(1) The clerk is not required to accept electronic documents that require a fee. If the clerk does accept electronic documents that require a fee, the local courts must develop procedures for fee collection that comply with the payment and reconciliation standards established by the Administrative Office of the Courts and the Washington State Auditor.

(2) Anyone entitled to waiver of non-electronic filing fees will not be charged electronic filing fees. The court or clerk shall establish an application and waiver process consistent with the application and waiver process used with respect to non-electronic filing and filing fees.
